

JANUARY 4, 1980

To whom it may concern:

I have tried to write a comprehensive letter of the Kennedy years. I have delved into every aspect searching for truths and lights it might shed on the confused present.

I have received the medical reports on John F. Kennedy's autopsy from Dr. Cyril H. Wecht **Coroner** of Allegheny County, who performed this work. The Warren Commission and the Rockefeller Commission Reports ignored the medical reports of Dr. Cyril H. Wecht, and developed the single bullet theory.

I have received bills from many sponsors to reopen the investigation into the assassination of John F. Kennedy. One of the most vigorous sponsors of a bill to reopen the investigation was Congressman Henry B. Gonzalez of Texas. Mr. Gonzalez is the former Chairman of the House Assassinations Committee. Congressman Gonzalez was in the motorcade when President Kennedy was assassinated on November 22, 1963. Mr. Gonzalez kept me well abreast of the documents dealing with the assassination of John F. Kennedy and I was sent every document and factual shred of evidence that was uncovered by Congressman Gonzalez and the House Assassinations Committee. I have received from Senator Richard S. Schweiker, his bill to reopen the investigation into the assassination of President Kennedy. I received from Congressman Downing of Virginia, his bill to reopen the investigation into the assassination of John F.

Kennedy. Mr. Downing is former Chairman of the House Assassinations Committee, now retired from public life. I have read and placed in my book how many of the Watergate Burglars were possible suspects in the assassination of John F. Kennedy.

I have placed New Orleans District Attorney Jim Garrison's findings in regard to the conspiracy which was formulated in New Orleans in respect to the assassination of John F. Kennedy. I have received from the National Security Council, documents via the Freedom of Information Act, Lyndon B. Johnson's strategic escalation of the War in Vietnam and War Policy. In my findings, I have noted how President Kennedy formulated a counter guerrilla program and the idea that if it failed the war in Vietnam could not be won and that we would have to enter negotiations with the Viet Cong. Lyndon B. Johnson and Richard M. Nixon abandoned this program and favored a broad escalation to the war in Viet Nam and Cambodia. President Kennedy had formulated the Green Berets, which was going to be the first phase of the counter guerrilla program. In my writings, I have included a Postscript on the Soviet Union and their involvement in the assassination of John F. Kennedy. I have added how the real Lee Harvey Oswald never returned to the United States, but disappeared in the Soviet Union in 1959. Marina (Prusakova) Oswald was the niece of a KGB agent and was part of the Soviet Union Conspiracy to assassinate John F. Kennedy. Marina (Prusakova) Oswald was a Soviet Komsomol agent (Soviet Union Communist Youth Agents). Marina (Prusakova) Oswald kept in touch with two Soviet agents in this country. The nature of their conversations is unknown, but their names appear as listed by Michael Eddowes in the Oswald File as involved in the assassination of John F. Kennedy.

I have placed Oswald's Diary in the Soviet Union as it appears in the 'Oswald File.' In my writings, I have taken the advice of Michael Eddowes in the Oswald File about how the KGB forged FBI fingerprint files and sent two impostors to assassinate John F. Kennedy. One impostor was to be the scapegoat while the real assassin escaped. FBI Director J. Edgar Hoover's warning of KGB agents using the credentials of Lee Harvey Oswald was ignored by the Intelligence Agencies, mainly the FBI and the CIA (Oswald memorandum to the State Dept. warning them of the Oswald Risk). I have added how Senator Richard Russell of Georgia was the lone dissenter on the Warren Commission. Senator Richard Russell of Georgia urged Harold Weisberg to pursue the investigation into the assassination of John F. Kennedy, even up to his dying day. I have included in my Prologue how President Kennedy did not want to go to Dallas, and was warned not to go to Dallas, Texas by Senator Humphrey, Morse, Fulbright, Ambassador Adlai Stevenson, and his personal Secretary Evelyn Lincoln.

President Kennedy states in the Prologue to his under Secretary of the Navy Paul Fay about the possibility of the overthrow of the elected establishment by the military. In my writings, I have added as it is written in the Assassination Chain by Sybil Leek, how the Communists called Lyndon B. Johnson to form a commission to check the charges of a Communist conspiracy in the assassination of John F. Kennedy. The Communists asked for a Commission to be formed and that is what Lyndon B. Johnson did. Lyndon B. Johnson, when he was Vice President, sent a memo to the Deputy Director of the CIA warning them of John F. Kennedy's desire to undermine the CIA's effectiveness. Richard Morrow, a CIA agent, was told by his caseworker to purchase three Mannlicher rifles,

shortly afterward President Kennedy was assassinated. Richard Morrow tells of Johnson's memo in his book *The Betrayal*. In this book, Morrow states the Anti-Castro Cuban involvement. I have included in my *Postscripts* Lyndon B. Johnson's account of the involvement he had in the assassination of John F. Kennedy.

I have included in my *Postscript* on Soviet involvement in the assassination of John F. Kennedy, how Nikita Khrushchev planned the assassinations of both Richard M. Nixon and John F. Kennedy in 1960. The only reason the plan to assassinate Richard M. Nixon was written off was because John F. Kennedy was elected President in 1960.

I have written how many of the FBI and CIA agents participated and led many demonstrations against the war in Vietnam. I have included a large number of illustrations and pictures of all the names that appear in my book. I have enclosed pictures of John F. Kennedy when he came to Aliquippa, Pennsylvania in October of 1962. In my writings, I have written how Lyndon B. Johnson conned Chief Justice Earl Warren in doing something he knew he shouldn't do (heading the Commission to investigate the assassination of President Kennedy).

I have written 16 chapters, an Epilogue, Appendix, Prologue, Bibliography, Index, *Postscript*, *Supplementary Postscript Index*, and an Introduction. I have added to my book all the critical achievements of the Kennedy Years. The Alliance for Progress patterned for growth and stability in Latin America. The idea to go to the moon before the end of the decade was patterned by John F. Kennedy. The confrontation with Khrushchev over the missiles in Cuba was by far John F. Kennedy's finest hour. The Civil Rights confrontation with Southern Governors Wallace and Barnett saw blacks enrolled in institutions almost unthinkable in this century. The

idea of a Medicare Bill for the Aged and the Civil Rights Bill were formulated by John F. Kennedy. All my chapters with the exception of the Final Epic and Conclusion, the Epilogue, the Appendix, and the Postscript are policies and programs that had been undertaken as written in John F. Kennedy's Inaugural Address. John F. Kennedy kept his words of his Inaugural Address as the future policy and program for his administration. I have written a short history of assassinations from ancient times up to the present day. In my writings, I have added the assassinations of Lincoln, Garfield, McKinley, and Kennedy. I have added what is the rationale that many assassins use to eliminate and kill individuals.

I have written a large chapter on the CIA and what President Kennedy did to make them more responsive. I have included in my chapter on the CIA all the Deputy Directors and Directors of the CIA from its beginning until the present. I have included all the controversial books written on the CIA. In my writings I have written about how many members of the CIA were involved in the Assassination of John F. Kennedy. The CIA's involvement with Cuban Nationals, the Mafia, in the plot to assassinate many foreign leaders and also Fidel Castro is also included. The dramatic Bay of Pigs fiasco by the CIA and the effect it had on the Kennedy Administration's attitude toward the CIA is brought into focus in Chapter 15 of my book. I have researched every aspect of the Kennedy Years and covered every aspect of material that was written regarding the assassination of John F. Kennedy and its cover-up by the Warren and Rockefeller Commissions. I have simplified the extensive writing in the form of two volumes. The second volume deals entirely with every aspect of the Assassination of John F. Kennedy. I

Sincerely,

Charles Sarkis
