Sir,

I would like to thank you for your time last Sunday when I called to ask about the JFK assassination. I have had Post Mortem in my collection of books since 1975. I still use your book as a reference to any and all assassination material.

I have enclosed a copy of the article from the Baltimore Sun on Chip Selby's 'Reasonable Doubt'. It is sad to see that the man's work is reviewed by a TV critic on the last page of Saturday's paper. The special deserved better coverage than this.

Thanks again for all of your long and hard work over the years. I hope that someone someday can set the record straight. I have enclosed my work card along with my home phone number. If I can ever assist in any way please call.

Sincerely,

David Saulsbury
