Dear David,

Thanks for what has to be the letter I wanted! I believed it was one that was given to me and thus did not look at what he wrote me seeking what is there! I took a copy to the States Attorney's office in the event I had not included it in what I gave them last week.

Someone asked me questions that required that I look through my Lifton file.

In my files Lifton and Livingstone are almost next to each other.

In going through that Lifton file for what I did get, copied and an mailing I found an envelope of which I enclose a xerox. It is empty! And I have no idea what I had marked to be restricted.

BUF: Nobody has ever asked to go through my Lifton file and Rick was right ~~at~~ ⁱⁿ it when he took what he took and did not return.

If as even Harry says he believes Rick was doing that for Lifton, it follows that he would also have gone over my Lifton file.

There is absolutely nobody else who has ever gone through it and ^{could have} taken what was in that envelope.

And now I have to wonder what else he saw and took.

And sold to Lifton.

I'd never have thought Rick was such a scoundrel and such a false swearer, was it on his mother's grave?

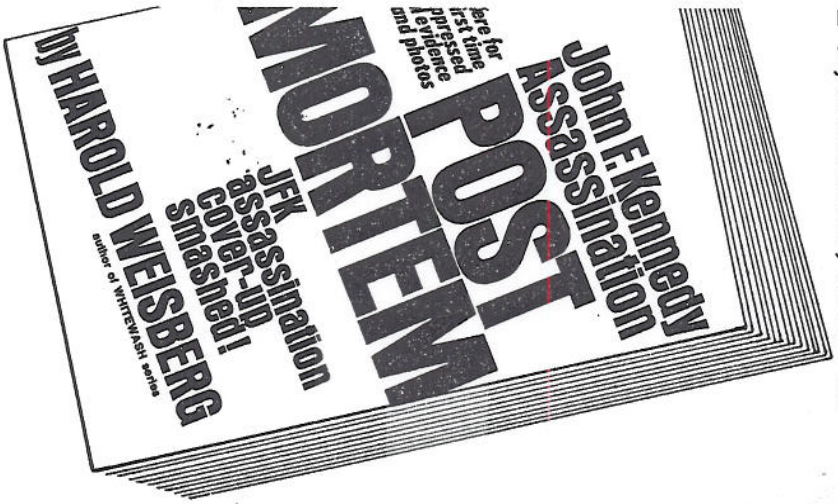

I'm not going to tell Lil. She feels badly enough as it is. She also like him.

Our best to you all, and hope to see you soon,

Harold
