Acclaim for *Contract on America*:

"Should be read by anyone seriously interested in knowing what happened to President Kennedy in Dallas."

G. ROBERT BLAKEY
chief counsel, House Select Committee on Assassinations
and author of the RICO statute

"Especially recommended for long-time skeptics . . . of JFK assassination-conspiracy theories. Offers a meticulously documented hypothesis that President Kennedy was murdered at the behest of the Mafia."

WASHINGTON MONTHLY

"In *Contract on America* David Schein lifts the Kennedy assassination case out of its quagmire of twenty-five years and exposes it to the clear, dry light of an exceptionally keen intellect and a refreshingly unbiased spirit. . . . *Contract on America* stands out as a monument of good sense, effective logic and judicial passion."

JOHN H. DAVIS, author of the national bestseller, *The Kennedy Dynasty and Disaster*

"I was glued to every page. The revelations about the underworld connections to the Kennedy assassination are truly shocking."

DANIEL SHZCNCK, producer, "Blood Feud," and "Hoover and the Kennedys"

"For the hard-core doubters it should make clear that the sociopathic Mafia structure can, and often does, destroy whomever and whatever it cannot control. Schein's book is important support for those concerned with crime control and integrity in government."

ALTON KOHN, past director, New Orleans Metropolitan Crime Commission

"How much evidence does it take before two plus two equals four? David Schein has finally added it up and put it all together in *Contract on America*!"

DAN MORDECAI, author of *The Hoffa Wars* and *Dark Victory*

In *Contract on America*, author David Schein presents compelling, hard evidence of long-suspected Mafia culpability in the JFK murder. Includes:

- A call for official action against a key Mob assassination suspect
- Dramatic photos of the main characters and events
- A comprehensive appendix on the Mafia's structure, history and operations
- Additional shocking disclosures of Mob links to subsequent assassinations and U.S. administrations, to the draining of the Vatican's treasury, and to postwar Europe's bloodiest terrorist attack.
