Deer Gery.

By sending this airmeil and getting it in today's outgoing mail it amy well reach you this week. Meening, unless you have worked fast, perhaps before you have seen Herper.

Because of the urgency of time and the possibility this correspondence may be helpful, I am sending it without Howard Roffman's permission. Therefore, unless and until we get his permission to share it, please hold it in strictest confidence.

Howard has written a book requiring revision. He may plan to use this in it, in one of various possible forms. As you know, I already have it it PAST MCETEM in one form. Thetever you learn from herper and tell me, unless you should say otherwise, I will pass on to Howard.

No time for more. Brief note from Lalemen in today's mail.

Enclosed are Harper to Hoffman, 8/6/68; Eckhoff to Roffman, 8/27/69; Hoover to Hoffman 8/19/68.

Then I first discovered this material, I believe in CD 5, in the lete spring of 1966, I esked for the pictures and was told they did not exist. Then I was writing FOST MORTEM I again asked and was given the same response. This was in the about August 1937. So, the story is consistent, this may, incidently, recent for my unclear recollection, in which I told you to ask young marper about pix.

Best to all.

Sincerely,

Peroli Wisberg
