

5/2/69 Here is the de Vosjoli piece back. Thanks. Do not forget the first LIFE  
article on the King murder. I need it to compare with the tape. I have decided  
the reason I cannot find my copy is that it came out when I was in N.O. I have  
made copies of the three pix and sent to Maggie, with a brief note. I expect  
nothing from those people. Nothing new except in the Wecht letter I am sending  
you seperately. I felt the injunctions necessary. I will be writing more  
letters when I find time and will send copies.
