

3/1/70

Dear Gary,

You sent me copies of your 2/2 and 2/3/69 letters to Eckhoff, and his of 1/29 and 1/29 (2) to you. However, you did not send me copies of his answers to your 2/2 and 2/3. Are they of any interest or value?

I am going over my Archives file, to write <sup>to</sup>hods the kind of letter he asked for. Aside from the delay his request gives him, I think he will take little comfort from it.

His correcting letter of 1/29 is false or there was universal federal violation of the Clark ex order. I was not then true, as my own file shows, but no point should be made of this now.

How about CD244:38-40?

Did you go any further with Betty Parent (who is as Kennedy had to know Betty Parrot)? Or that great Kennedy Bertrand Hunt?

I have written Moo asking their attitude toward the Shaw suit, any explanations, esp of timing, he may have and take time for, and any change in or addition to lawyers.

Today's Washington Post has no reference. It is possible the story appeared in the late editions yesterday only.

If they take it seriously, they may, belatedly, begin some of the investigation they should have made years ago, and they may start paying a little attention to some of the inquiries I have made recently.

Sincerely,
