Dear Gary,

Sorry to hear you've been ill through your letter of 1/8.

Note enclosed re Nichols, who has not responded to my letter of 1/6 but may not have been able to. It is possible he did not ask for this picture, that the Archives contrived that bit, but I am not inclined to think this likely.

Penabaz: CD1140:2 and 159:5 are the ones I have that are too poor.

COUP: Paul now has two copies. Forget.

We have had no answer from Councillor on why we are not getting. Do they report shooting of white man outside black home Spencerville, Ga.? I'm interested in that.

Weather: chief difference is that your government is prepared to cope with it and I have a 500 line to try and keep clear. If Dawnay wrote but one Penhouse article I have it.

If you did not know what Penabaz pages I want, you didn't get some of my mail. My first request was specific.

Nothing else new. Take care of yourself to avoid secondary infections. I'm still the toughest one of us!

We're both okay. And thanks for the nice things you said.

Best,

Dear Harold,

Sorry to trouble you w/ my hand-writing but I have been sick in bed for a week and am still getting over it. It was a virus or the flu.

Mary has my Penabaz file so I'll ask her to send it to Paul. What 2 pages [your letter to Paul of 1/3] do you need from me. Parrot Jungle thing has always interested me, mainly because it sounded different from the other like "sightings" in Florida.

Your 1/4/70 on Pedro Charles letter - I have always assumed that this was a bad frame up.

I'm confused by your letter of 1/4 to POG - is it the original copy you want sent to Paul? I do have a xerox or something similar to a xerox which you sent me some time ago.

I'll have Mary send you the Crawford file as soon as possible. She is probably trying to get everything done. The Griffin memo, which I already have, will be more meaningful or, should I have her send it to Paul so he can send your xeroxes. Perhaps that would be best.

Most recent Thunderbolts & Councilors contain no accounts similar to murder described in your letter of 1/5.

Agreed on CD131:2 This is what Hal & I found 2 summers ago & never got from the archives, & what I kept insisting was missing from the order although I didn't know it's number since Hal ordered it there.

Sounds like you & Roffman have really got Specter worried.  
Good work.

Your weather is like ours except our temps. are 20 below zero. This has not been the worst time to be home sick.

Have nothing on the Thornton you want info on.

Agreed on Ray's appearance. It shook the hell out of me. By the way, do you have Dawnay's Penthouse article? If not I'll send a xerox. It's on King.

Glad the Holiday package brought some cheer into your home. You & Lil take both special people to me - it's too bad I'm not in a position to help financially more.

Well, I'd better get some more sleep & get rid of this virus. I hope to be back at work on Monday.

Best Wishes,

Gary
