Dear Jerry,

Enclosed are my two most recent letters to Harold. Also enclosed are some pieces of info relating to the Lykken arrest incident in Mpls which is mentioned in my last letter to Harold. I played a big role in getting Doug Heidenreich to become active politically, and since he has decided to come out with his views he's been a lot happier for it. He is one of my best "converts" in terms of assassination speaking.

I've forgotten what you told me about your engagement other than that it's off. A friend out here has a sister in law school in Brooklyn who apparently does not meet guys that easily. My friend says that she is a good person, etc. and has been trying to get me to find someone who might like to meet her at least. If you think that you might be intersted in a blind date of that sort let me know. I realize that it's a bit unusual, but it could be intersting. My friend out here is someone who is actively involved in getting people together all the time (a good NY Jewish girl naturally) and so her interest in finding more people for her sister to meet in no way implies that her sister is any more than a bit shy. Think about it and let me know. Given your interest in law school it might be interesting to have coffes# with her.

My trip to SF in June is pretty certain and I am excited about it. I have a radical friend there who was an old college roommate who I barely ever get to see. He works for the underground press and has written quite a bit for Liberation News Service. He authored a short paperback entitled the EARTH BELONGS TO THE PEOPLE and a number of article attacking myths # in the human ecology area. I have never met Paul Hoch although I have been writing him for years. I have only met Hal Verb, another SF area critic, once. And I look forward to seeing David Smith of the Haight-Ashbury clinic again. So, for once it looks like a vacation will not be all work.

Well, I hope things are well with you. I have to go now. Let me know when something happens.

*Gay*
