Many thanks for your recent letter and the summary list on the documents. The archives sent me the two lists of newly declassified documents although I have been out of touch with them for some time. I wish I had time to fly out there and go through them. I've done a hell of a lot of archives work, although not as much as Harold and Paul Hoch. I just don't have the time I used to devote to the case. I work full time as a clinical psychologist, help direct a free walk-in clinic at night, and am trying to get going on a dissertation. But it helps a lot to be kept in touch on things like this because when I have some free time I like to do a bit of further research in some areas.

Harold as spoken well of you and I hope to get a chance to meet you on a visit east. My job ties me down enough that I don't get back East too often. My parents live in Phila. Vince Salandria, now very inactive, and Harold are the two critics I know the best personally, although it was Lane who got me into the case in late 1964 while I was still at Cornell (alma mater of Dick Bernabei, Dave Lifton, and that Fink Ed Epstein who also graduated in 1966).

Harold keeps me wellinformed on happenings down there, but if there is anything you think I might be of help on (I've got pretty extensive files) just get in touch. While my assassination inquiry committee is not really active any more, I can occasionally get someone to do some research.

Well, I'd better be going. Thanks again for the list.

Best wishes,

*Gary Schoenberg*

P.S. I can get mail through that Mayo Box #, but it gets to me faster through either the above address or at my home: 1080 15th Ave. SE, Mpls., Minn. 55414
