Daar Gary,
Whan you raturn from your return to China there will be many ingtors requiring your attontion and mine and I'll h ve forgetton vour $3 / 31$ and its enolosures. So I arite non, ith copies to Jil ind Boward. I'll slso start a PA file on you for this. You should have used the Privecy Act.

If I were not certain they'd invoke those provisions that protect you I'd
filod follow-up requests. have filod follow-up requests.

There is also a re, uirement of tha 1 bse that you be provided with those mers of records that are r asonably segregable. The CIA once mave me a racord on whioh it aithhold averyting but my nue. (It didn't know it but I had obtnined that racord from anothar and the other copy had nothing aithheld.)

So ask for a copy with thosoparts they claim have to be withheld removed. They ean do it.

The reeson they didn't do it is to provide no lends to you or anyone isee
Of the two dstes, Junuary and April 1969, only ons can relate to what you refer to, the oase of La. v. Shaw in $D_{0} \mathbb{E}_{0}$, the earlier date. I'm wrong. It was $2 / 14$ and $4 / 11 / 69$. The D.C. asse was over in Jamaary. ihe Shaw trial was on in Feb.

With the olaim to a foreign governmont souroe I'd guess mail interception or moybe something to do with mikt F'sewsll sindicke

Why not think about whet mail ith whon coulc havo bean interesoted or about thoso with whom you had been in touch whers their polioe agaroies could have had

I may bo wrong and mat having sny inkekng meen good guossing hord but I thints they hove no ronl national securdty involvenont and no ln mforcement numpose so the exemptions do not anoly. Howover, you'd probably have to go to court to be ablo to ostablish this.

Has anything goine on then about Murray, your former offion mata?
I've forgotten the record you say you sent me long ago. Finding it would probsbl
 will of this.

ops this trip is won bitter then the previous one. ind if you go throug Hong' Aong you ought to get soms of the availsbis vensfite. And if you go through
Best.
