Dear Cal,

It is not important that I agree with what you write. What is important is that to the best of your ability you write honestly and where there is any question, check to be sure you are honest and accurate.

If you want to waste time better spent on other things, including, do not forget, your school work in trying to talk to Lane and Groden, that is your business. I doubt that either will answer you and I'm confident that if they do what they say will not do you or your book a bit of good.

To the best of my knowledge Groden is at 212 Emily Lane, Boothwyn, PA 19061. That is near Philadelphia. I have no address for Lane.

Carroll & Graf has cancelled some contracts to publish what it pretends are assassination books so I doubt they'd be interested in yours. I know nothing about the other publishers you ask about.

It is very kind of Charles to publish it for you, as he offered. That then brings up how to sell it.

Please tell your mother that beautiful plant is still in bloom! After all this time!

Best to you both, and good luck,

*Herold Weisberg*

Dear Mr Weisberg

So how's everything been going for you every thing here is fine. I've been working hard on my last few Chapters and Charlie and I have ~~been~~ listened to the tape and have been putting word for word on paper.

Charlie says you have a alot to say about the Kennedy assassination. The only thing I have left to do on my book is write the last Chapter and type ~~at~~ the rest of it out.

In my Book I talk about how I believe every thing happened and what I thought was covered up. So I cant say you will agree with every thing I say. But I promise I will not change a word you said. I am not like Gerald posner... Since I am almost done I was thinking about sending my final drafts to Thunder's mouth press, or Consolidated press international, or Carroll & Graf publishers. What do you think about those publishers. Charlie says that if I get turned down he will just self publish it for me.

After 4 years of research I got ahold of you and Charlie asked me if I was going to try and talk to other people. I think I might like to talk to Mark Lane or Robert Broden. I know you dont agree with them but I still would like to talk

to them. So if you may know how I  
could get a hold of them please write  
their address down. Thank you.

I am still reading White Wash I am on  
Chapter 6. The Tippit murder - I am almost done  
with that chapter. So far its pretty good.

If you have any more ideas for  
me or my book let me know. When  
it gets published you will if you want  
one get a copy. I'll mail it to you  
no charge. I am working hard and am  
trying to get it done soon. But it  
takes time. I'll right back soon

Your friend  
Carl Schoonover.

ps. Tell your wife hi for me ok.
