

Dear Mr. Weisberg

My name is Cal Schoonover and I am in 9th grade at Craig High School.

I live in Janesville Wisconsin, I'm 15 years old and I have been researching the Kennedy assassination for 3 years. Not to long ago my mom and I went to Dallas & New Orleans, I went to Dallas to see Dealy Plaza and I went to New Orleans to see Jim Garrison. My mom talked to Jim's son and he said his dad died 3 years ago. Since I live in Wisconsin I never heard ~~of that~~ Jim ~~being~~ died.

I have alot of books and movies and not to long ago I ordered White Wash from you. I didn't have a chance to read it yet ~~it~~ but I looked through it and it looks pretty good.

When I was in 5th grade I read some volumes of the Warren Commission, Now I was in 5th grade and only 12 and even I knew it was bull.

What I am trying to get at is this, my mom and I travel alot and I was wondering if it would be ok if my mom and I ~~stopped~~ stopped down and talked to you.

If not I understand but it is ok I really would like that. I would like to hear what a expert like you has to say.

Also if you ~~could~~ could would you write to me, here's my address

Leoy South Main St
Janesville WI 53545

So any way I have to go now
if it is OK I'll write back.

~~Sincerely~~
Sincerely
Cal Schoonover

P.S. I also ordered the Kennedy assassination
pictures.

I haven't gotten them yet

Dear Cal,

You are lucky to have a mother who takes you to places that interest you!

If she brings you here you will both be welcome. I'll answer your questions, within reason, you can go over any files you may want to see and to copy any records that may appeal to you. In fact I keep a separate selection of them I believe will interest people on my desk.

Most of my files are in the basement and it is no longer possible for me to go there safely. You may if you want to, of course. I'm 82 and rather limited in what I can do. I have what for others can be an additional problem, of keeping convoluted hours to cope with several medical problems. I must be abed by 6 p.m. For me this is no problem because I'm up very early and those early hours are never interrupted so I get much work done while others are asleep. Including my wife. Three mornings a week, when I have early blood testing and then physical therapy, I'm not home until a little after 9 a.m. The other days I'm usually back for what early morning walking I can do before 6 a.m.

If and when you come the most convenient motel is the Red Horse. Most of those who come here use it. 1-800-245-6701. It is only 10 minutes away.

I do not know what books you have read but if you have read any number of them you will have come to contradictions. I suggest, and this applies to my work also, when you come to something that you wonder about you first ask yourself if it seems to be reasonable. If it passes that test then ask yourself if it seems possible. In asking yourself these questions be serious about it and try hard to figure it all out. If you can do this later in life you may find that to be a useful thing to be able to do.

Remember, too, that to a large degree the reader is the captive of the writer. Usually the reader has to take the writer's word and it is not all that uncommon for the word not to be dependable.

Best wishes,

Harold Weisberg
