Dear Cal,

You got the idea correctly. If anybody had really wanted to get through to Curry on ce his phone did not answer they'd have sent someone.

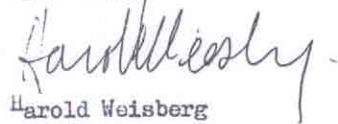

When you get older you'll understand better that there are times when truth is not the important consideration for government.

You may want to bear in <sup>mind</sup> mind when you are reading and thinking how many have to have known that the government was intending to lie and then did lie and were silent about it and did what was expected of them.

You'll ne welcome whenever you come.

Hope you are having a good holiday and that a good year is ahead.

Sincerely,

Harold Weisberg

Dear Mr. Weisberg

Thanks for writing back and thank  
for not being mad.

Your right the more I read the more  
I realize that most people who write books  
are not telling the truth. There making bigger deal  
out of every thing.

The reason why I read Moore's book was because  
I felt like I needed some bull to read. I know what  
Moore says is false and he probably wrote his book  
just to make a buck.

Like I said before I always believed Connally  
was hit by one bullet. Then like I said I never really  
ruled out the chance of Connally being hit by two bullets.

I read 50 Page in White II but I had too  
quit reading it because, sorry to say the printing is  
to small. So I have to ask would I get as much  
out of reading, The Selections from White Wash. The  
printing is bigger and it is easier for me to read.

I started reading it already and I do have questions but  
they will have to wait.

I do have a question now that can be answered  
right now. In White Wash II Chapter Titled The Curry Phone, Are  
you saying that nobody really tried to get a hold of  
him?

I guess I need alot more information on Oswald.  
I read more of The Warren Commission Report. I wonder  
how the Government could have printed this lie.

I'll look over Post Mortem and see what's in the index.

But I did not buy Neven Again but I'll do it.

If it is still OK I would like to visit during my Spring vacation in April, if that is OK.

If I am writing to you let me know. See ya

friend

ps. My Spring break might be in March  
but I am pretty sure it is in April.  
Thanks for your time
