lack of response: I certainly am interested, and I would like you to tell me of the details. I would not charge for my services. I would have to know the details and facts before I could even comment upon the possibilities of suit and the probabilities of success, so, let me know what your thoughts are and what the facts are.

There has been almost a newspaper blackout here in NYC regarding the New Orleans development last week. This may be a good or bad thing, but since the cat is out of the bag it is difficult to understand the new-found morality of the N.Y. Times and the Daily News which have not published one word of the New Orleans story; and the N.Y. World-Journal-Tribune has just published the story today for the first time. The NY Post carried the story commencing Saturday, and there was heavy coverage on TV and Radio of it since Friday. So, in the event there is a similar reluctance or blackout of coverage down your way, I'm enclosing the NY Post and World-Journal-Tribune stories which contain some current details.

I'm also enclosing a photo and news story of Feb. 2, I think it's 1967, AP, wherein newsmen listen to tape of informer of assassination made 2 weeks before Nov. 22/63, at Dallas. I just came across this today, and I wonder whether you heard about this and whether it is significant.

Sincerely,

Carl Schreiber

Dear Harold:

Received yours of Feb. 18; enclosed, N.Y. Times clip of Mon., Feb. 13, by Jack Gould, TV Editor, re: Lane-Nizer-Warren Report WNEW-TV broadcast of Feb. 12, and re-run Feb. 11 of the Nov. program on which you appeared.

There are three hard-back publishers whom I would like to confer with and with whom I have contact, on a deal for hard-back publication of WHITEWASH II. I'd like to do this right away because of the New Orleans development and disclosures of last week. I think you are way out in front now with WHITEWASH I, II and III (which, of course, I haven't seen yet) and there's no doubt that II is the most definitive, superior and accurate book by any of the Report critics. Very few people have even a slight grasp of the Report, 26 Volumes and material in the Archives, and the demand by the public from here on out for some detail should be very heavy. Particularly, regarding Oswald's New Orleans period prior to the assassination, the Martello paper, and Ruby's visit to New Orleans while Oswald was there during the summer of 1963. There will no doubt be many writers, as unqualified as the chap who was moderator of your TV show, who are going to write books about the Report and who obviously are totally ignorant of the facts. Many of the characters who will try to shape news will be like Sen. Dodd of Conn. who announced tonite that the Warren Commission should be called back to existence to investigate whether Oswald acted as a hard-core Communist alone, or whether other Communists acted with him. This is the choice which he announced as Chairman of the Senate Internal Security Committee, and which is the choice I think the public will get via the press unless you utilize your work for presentation quickly and practically.

At any rate, I sure would like to go right to work on these publishers I mentioned for a deal for you re: WHITEWASH II, and I would appreciate it if you would let me know of the specific Royalties and conditions you require in a publishing contract. Of course, by now you have sufficient experience with publishers and standard, Guild, agreements; and, you no doubt have existent publishing contract(s) on WHITEWASH I which may allow, delimit or restrict II and/or III insofar as use of the Name, Title or content. I'd be very happy to work on this, and if it's O.K. with you, to make some money out of it by putting the deal together. If you can advise me immediately of your particular terms, or various requirements other than the standard publisher-author contract, for WHITEWASH II (and also availability or commitments for III, if you care to tell me) in hard-cover, I'll proceed to negotiate at once. I'll also give you the names of the publishers I plan to discuss the matter with so that we don't upset any applecarts or tread on toes which may have been tread upon before. I would also like to proceed at once on the formation of a tax-shelter corporate entity which you suggest. I have extensive experience in this area and I am glad to see that you are aware of this practical area regarding III; and I'd like to out-Hunt H.L. Hunt, and out-do Edward Hughes in their charitable foundations. So, WHITEWASH III could very well be the source for an educational foundation to promulgate the defects in the Warren Report, or, whatever your pleasure. And, it would be my pleasure.

Perhaps we can confer soon as possible so that we can lay-out some plans. I've enclosed an outline of my background so that you can get a better idea of my experience; I recently returned from Europe, couple of months ago. Took care of some business there together with some holidaying there since last Spring, hence I'm not encumbered now by any large or pressing law-practice which would interfere with working upon and developing your projects and promotions. As a matter of fact, I'm greatly interested, and fascinated by the subject matter. I also have absolutely no objection to helping you make a fortune, and to make one for myself at the same time. Particularly since you happen to be on the side of what's right and true.

Now, regarding the matters you mention involving the DC ACLU and their

Dear Carl:

Since our last exchange of letters, I have a literary agent. He had been supposed to get in touch with me earlier and when he did not I assumed he had no interest. It turns out he was hospitalized and couldn't. He has represented me for three days now, which takes care of the first part of your letter.

Your clippings, by the way, are valuable and contain what did not appear in the papers here.

Briefly - and I have to be brief because I am even more overextended now - I am interested in a foundation which for a half year a business executive in New York has been talking about to me. He has been able to do nothing. He is Arthur Price, President, Pennsylvania General Paper Company, 225 West 35 Street.

I have agreed to do a book on the Manchester book which I must finish within the next month and am behind schedule on WHITEWASH III. I am doing an Oswald-New Orleans book largely with what I had on this subject in III. Aside from this, I am much too busy with people who consult me on the current developments, so busy that yesterday and today I declined TV shows that require I spent two to three hours traveling and no more!

I must get the first book done fast; therefore, please excuse and understand my brevity.

I shall have to let the business of the suit over the pictures and X-rays and other suppressions wait.

Sincerely yours,

Harold Weisberg
