

JDW:According to yesterday's wire copy not used by Wx Post the Oakland Trib had a story on an alleged assassination attempt vs JFK 18mos before the actual one. It also quotes former Ameramb Thos. Mann on this. If you have, thanks. If you do not, please do not get it specially. This will be adequate as a record...There is also a ~~xxxxxx~~ yesterday's WPI B wire story-don't know of any other- for which I'm responsible. Enquirer friend here on some checking on a Golz/Dallas Times*erald story saying Church subcommittee regards Florida as key. Not knowing Golz to have written anything accurate I suggested we call Schweiker. His flack told wires what he told us in response, to correct error. He said there has to be investigation in N.O., Miami, MxCity, other cities. Report now due mid-June. The "key" he sees is "The Cuban Connection." If the Golz story was used out there nothing in it is right. Some radio news service did carry it with Golz' voice. HW 5/21/76
