

# Schuyler's Plan for Pushing 3 POT THEORIES ON J.F. Death

HARRISBURG, Pa., (AP)—A plan to push three theories of the assassination of John F. Kennedy is being developed by a former State Department official, according to a source familiar with the plan.

The source, who declined to be named, said the plan is being developed by a former State Department official, who is now working for a private firm. The plan is to push three theories of the assassination of John F. Kennedy, which took place in Dallas, Texas, on Nov. 22, 1963.

The theories are: 1. That Kennedy was assassinated by a lone gunman, Lee Harvey Oswald. 2. That Kennedy was assassinated by a group of men, including Oswald, who were acting on behalf of the Soviet Union. 3. That Kennedy was assassinated by a group of men, including Oswald, who were acting on behalf of the United States government.

The source said the plan is to push these theories through a series of conferences and press releases.
