Dear Carol,

I've been in Washington only twice since we spoke, both times for the civil suit hearings. Each time it was not possible to do other things I'd have liked to have done.

It is not only that I have to nurse the mileage left in my car. I'm still working a very heavy schedule. On the average my day begins before 5 a.m. Yesterday it was 3:45 a.m. And some NSA people were here with Floyd until about midnight.

So, much as I've wanted to discuss the domestic-intelligence matters with you, it has not been possible. If I get the chance in D.C. I will try to look you up. Meanwhile, if your own wheels ever get to rolling and you want to get into some cleaner, calmer air, please do come.

I was reminded of the conversation we had and my inability to get together with you by reading a NYTimes 7/16/75 story reporting that papers the SWP has received show CIA domestic operations back in the 50s and continuing thereafter.

If you have any contact with them, I'd like to know about some aspects of the material they've received, as it relates to assassinations and possibly to me, not improbably with my name masked.

My first California appearance, 12/66, was under SWP sponsorship, for example. And someone was well prepared for baiting me about it on a call-in talk show.

It is not unlikely that these papers relating to colleges might include references to me. I have always spoken wherever people wanted to hear me. In Berkeley, S.F.State, U.C.L.A., Madison and elsewhere the sponsors could have included SWP or YSA people.

D.C. reports might also include masked references to me. I understand they do mask names of other than those who ask for the papers.

Thanks if you can do anything.

Best,

Harold Weisberg
