

Dear Hal,

11/1/94

This clipping is  
typical of disinformation  
in the international  
media.

I hope you got an  
apology from former of  
his publishers - plural.

Peter Dale Scott did  
a great book - "The War  
Conspiracy" and is a  
good poet. But he posits  
a conspiracy much worse  
than Stone or Garrison!  
By inference he names  
oil interests, intelligence  
agencies, the military,  
drug runners, the Mob,  
Big Business and so  
called "Transnational  
interests" or through he  
is vague about countries.

He said in a Tribune  
interview (Volume 7, No. 2)  
"I'll go even further  
than Oliver Stone and  
say that I believe  
that one of the

Comments in this  
conspiraciously imbalanced  
L.B.F.'s financial  
backers particularly  
those who had a  
stake in the military  
industrial complex.

At least one of these  
people passionately  
bought a lot of stock  
in his own aerospace  
firm prior to the  
assassination which to  
me is a clue he knew  
the assassination was coming.

Follow that! - You buy  
stock in your own  
firm and that makes  
you a J.F.K. Conspirator!

Also, if L.B.F.'s  
"backers" were involved  
please explain the  
Connally testimony!

This testimony is  
ridiculous in line with  
Scott of Heringstone is  
junk!

well. Hope you are

Sincerely,

EO
