Dear Joseph Scovitch,

Thanks very much for getting and sending ⁴inck's notes. Some of them are quite interesting. And it happens I'm writing about those matter now, so that makes me appreciate this even more.

I do not know your special interest other than this may perhaps reflect it but you are welcome to any FOIA information I have.

We also have a copier you can use.

In the event you have any other information like this I'm writing about the Lundberg/JAMA atrocity. I presume you are familiar with it.

Again thanks and best wishes,
