Dear Janet,

Unless I'm scratched from it I'm to go to NYU this weekend to tape a show Sunday night. I'd like to speak to you and I'll try to reach you when I get there.

As of now this should be before supper Saturday. I've made no arrangements in the event you are free for it or later Saturday night. The friend with whom I'll probably stay uptown (Riverside and 98) has other social plans for that night.

If you are tied up for Saturday night perhaps we can get together Sunday?

If I can't reach you and this gets to you before I get there, this friend's phone is 666-6955.

I'm tired and I'll be travelling light - without my tape recorder. If you have no objection and can borrow one, I'd like to tape our conversation not only as a matter of record but for Jim Lesar, who is carrying the legal load, to hear. He is completely trustworthy and because he is a lawyer I believe it also serves your and Bill's mother's interests.

If you are tied up for supper but will be free later, I plan to go to this friend's apartment and just read and perhaps go to sleep early when he and his wife go out for a late dinner party. He also is completely trustworthy and was a friend of King's.

I have to return as soon as the show is taped. It is scheduled for 7 p.m. Sunday night. But I don't have to be at the studio until 6 p.m. My plans for Sunday ~~are~~ ^{are} merely for visiting and chatting with this friend, who is an editor at a large house. This really means I am free for a large part of Sunday. I need to relax much, and that kind of day enables it. But I do not believe our conversation, despite the fact that it would be work, would be of a different character, not relaxing.

Sorry more notice wasn't possible. In haste and with

best regards,
