## Dear Jim,

lloward has caught one of my careless errors and had made some worthwhile suggestions re Tague and the curbatone.

In WW I refer to the Dallas UAS in connection with this, letter of 7/7/74. HR notes that there was an earlier letter conveying the Dillard picture and suggests getting it. He is correct but I'd broaden this to all records relating to that curbstone and missed shot. There might be something else in it.

I'd appreciate it y if you'd ask for this by phone rather than my writing for it. They can add it to my overdue order and we can save the minimum charge. You might also ask how long it will be before they can fill that orders. Subst be about two months now.

Howard suggests that Dillard may have distrusted the FBI. I think otherwise, that the Commis ion lawyers recognized FBI stonewalling and used Sanders office to by-pass. If I am right this can have 75-226 significance. We used these records for 226.

By 5/17/77 memo refers to the SS and the X-ray viewers as in connection with shoing them to the Sethered doctors. I was wrong by a month. It was the Ballas-Councily doctors.

However, when the Secret Service comes up with this non-withholdable record after all these years and we know they showed the JFK X-rays to the Commission staff and some doctors, question is why is there no similar JFK record from SS?

In connection with my notes on the Alvares article Howard reminds me he had given me a copy of this piece at Stevens "oint. I do not have it. If you or "ave you keep it because I have another now. HR then noted the KRDA involvement, too.

What was MNDA doing supporting such approject?

Howard is moving as of 6/1, the day after the first part of his bars. His address will be 5885 Edenfield Road, Apt b-29, tacksonville, Fla. 32211.
