Dear Jim, SS-FOIA/Levy case before Gesell

HW 6/10/78

You may recall you suggested that we seek to join in the Levy suit. I did not have any particular interest in that but didn't really care.

Hower, in the affidavit I prepared for 77-0692 I did refer to my having made a request that included what Levy seeks and not having gotten any response. I do not recall if in cutting the affidavit I removed this. It may still be in.

I have not yet had time to go over most of the misfield files I found several days ago. This is what I found in one, attached.

3rd graf from bottom. The rest recounts exactly what I said in the affidavithat the SS deceived and misled me into not filing. There are probably earlier records of this. This is of 4/77.

I think a phone call to Goff would probably yield copies of all that has been given to anyone from the first, including Levy and what he may get after Gesell's in camera inspection.

If you do not want to phone Goff let me know and I'll write him

Rt. 12, Frederick, md. 21701 4.12.77

Mr. Robert Wolf FOLA Officer U.S.Secret Service 1800 G. St., NV Wash. D.G. 20225 Dear Hr. Woff.

You will recall, I as sure, a meeting between Secret Service officials, including you, and me in relations to my FOIA interests in the JFK assessination.

Thum and en other conssions, in person and in writing, I was assured that all Secret Service records on this subject had been turned over to the "ational Archives and would be provided to me by it.

If your own recollection is not clear on this sail if your files are not g I suggest you check the files of Assistant Director Tem Kelley.

In having accepted the Secret Service word I appear to have been decrived. As a result records I would have had have not been provided to me and have been made available to others.

Under the provisions of FOLA I am making the resquest I was deceived into net making of the Secret Service when I was as used it had no relevant records it had not made available to me through the Mational Archivas.

It is for any and all records, regardless of form, origin to or date, on or in any relating to the assessination of fresident Kennedy.

I expect that in this you will provide equality of access to me and that you will provide me immediately with any such records already provided to others. With regard to any such records there of course is no need for a search, hat having been performed.

I deeply and sincerely regret the accumulation of reasons to believe the Secret Service, whose obligation was to prevent harm to him, has been neither honest nor forthright with regard to records relating to the assessmation of Promident Kennedy and to those who have espoused a view other than the Secret Service's on that orine.

TO TRIBERT THE STAND BY THE STAND OF THE STAND AND A STAND OF THE STAN

Sincerely

Lacold Weisberg
