

The deMohrenschildts - the myths and the mythmakers EW 5/18/77

Secret Service Control 1041, released in April 1977, includes a page of cable information from Haiti. This is of 12/19/63.

It is explicit in stating that DeM was merely joking when he asked LHO if he'd taken the shot a Walker, says "Oswald kept 'poker face' and 'waved away' remark," not at all what the EC was to say. "DM STATES HE NOT SERIOUS IN MAKIN THIS REMARK SINCE EVERYBODY IN DALLAS THOUGHT WALKER HIMSELF HAD STAGED SHOOTING FOR PUBLICITY."

Melley underscored this beginning with "thought."

Now for that "close relationship" nonsense: ~~XXXXXXXX~~ MR. AND MRS. DM STRESS THEY WERE VERY ACTIVE IN CHARITABLE ENDEAVORS AND THEY AS 'ALL PEOPLE IN DALLAS WHO KNEW OSWALDS' INTERESTED IN HELPING THEM SOLELY AS UNFORTUNATE PEOPLE."

Timmons concluded this cable with "Fouching full report."

The only classification originally was "limited official use."

There was never any reason for withholding this.

Except that it states other than officials wanted to state and if known would raise questions about how deM's story got turned around or of truthfulness.
