On 2-6-64 a study was made of Dallas city maps in an effort to determine an area in which it would be possible to fire a rifle in the Dallas Love Field area.				
It is noted that it is lilegal to lire a weapon within the city limits of harrage				
Texas; further, that Dallas Love Field lies within the Dallas city limits. To				
the southwest of Love Field, approximately 3 miles from the Love Field property line lies an area largely unpopulated which consists of marsh land and forest,				
bordering the Elm Fork of the Trinity River and consisting of approximately 50				
square miles. Located within this area are numerous places where a person could de				
lire weapons. There are located in this area two gun clubs, the Dallas Gun Club				
and the Trinity Ri	ever Rifle Club.	30 TORRESTOR	-

On 2-6-64 at the Dallas Cun Club in company with SA Warner interviewed Mr. G. S. Tucker, manager of the Club. The records of the club were checked for the				
name of L. H. Uswald or Alex Hidell with negative results Mr Tucker advised				
that entrance to the Gun Club was by membership only and that the Club is under				
supervision 24 hours a day and that it would be impossible for a non-member to use the gun range; that the property adjoining the gun club affords nurerous

proximity of the gun club to hunt and target practice.

On the same day at the Trinity Gun Club (no address given) attempted to obtain information relative this gun range, however, no one was available and it appeared that this gun range was not open for public use.

On 2-10-64 Mr. John Dix, present member and past Secretary of the Trinity Cun Club was interviewed by telephone at his place of employment, WFAA-TV, Dallas. He advised that the Trinity Gun Club is a small caliber gun range; that guns over the 22 caliber group would not be allowed to be fired at this Club; that the entry into this range is by membership only. However, he stated that the range is not under supervision at all times; that each member is given a key to the gate entering the Club. Mr. Dix further advised that his membership records did not reveal the name of L. H. Oswald and he stated to his knowledge that Oswald had never been to the range to practice. He stated, too, that he had never received any complaints from any cf the members of anyone using a high caliber rifle in practice at the club, nor has there been any brass found to indicate that higher caliber than 22 caliber rifles were being used at the Club.

On 2-10-64 contacted the Dallas Transit Company re bus service to the area described above. That company does have a bus that operates in the close proximity of this area during daylight hours, on weekdays, at intervals of 56 minutes, however, the bus service does not operate in that area on weekends.
