

Memorandum

U. S. Secret Service

TO : Inspector Kelley, Washington

DATE: May 25, 1964

FROM : SAIC Sorrels, Dallas

SUBJECT: President's Commission on the Assassination of President Kennedy

On May 25, 1964, Special Agent Roger C. Warner, in accordance with your instructions, made an inspection of the area abounding the intersection of Zangs and Beckley Streets, Dallas, Texas, and reports as follows:

"Approximately 230 feet southwest on the Zangs - Beckley intersection is the intersection of Eldorado and Neches Streets. Approximately 200 feet southwest of the Zangs - Beckley intersection is the intersection of Eldorado and Ballard Streets.

Eldorado Street intersects with Zangs and Beckley and runs in a northwesterly direction from the intersection.

Ballard Street runs in a northwesterly direction from the intersection with Eldorado Street.

Neches Street runs directly west from it's intersection with Eldorado Street. Neither Ballard nor Nechas Streets intersect with Zangs. There is a wide driveway running through the lot which separates Eldorado Street from Zangs at the intersection of Nechas and Eldorado. This driveway is about 100 feet long and would enable a vehicle to pass from Eldorado to Zangs without proceeding to the legal intersection. Also a person on foot could pass from the intersection of Nechas and Eldorado to Zangs by means of this driveway or by a vacant lot and an alley which are in close proximity to the intersection.

Neely Street intersects at the 700 block of Zangs and Davis Street intersects at the 600 block of Zangs."

A rough sketch of the areas described above is attached to this memo. There is also attached a Dallas city map with the above areas outlined in blue ink.
