

Mr. Weisberg

10/11/76

This is the information I said I would send you. The last mention of Richard Sprague in the newspapers was 10/8/76, but he has been on the T.V. twice answering questions about the investigation for newsmen. He seems tough and stated it could take as long as 2 yrs. - maybe more. How much do you know about him? Have you been in touch with him? I may sound RAH RAH but lets keep fanning the fire - something going to break.
