 RELEASE IN PART
 TOTAL DENIAL

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

DECLASSIFIED BY 5170 H.P.B./K.A.T
11-6-93 [Signature]

Dear Mr. Rankin:

Through a confidential source which has furnished reliable information in the past, we have been advised of some statements made by Fidel Castro, Cuban Prime Minister, concerning the assassination of President Kennedy.

In connection with these statements of Castro, your attention is called to the speech made by Castro on November 27, 1963, in Havana, Cuba, during which Castro made similar statements concerning this matter. The pertinent portions of this speech are set out in the report of Special Agent James J. O'Connor dated May 8, 1964, at Miami, Florida, beginning on page 30.

According to our source, Castro recently is reported to have said, "Our people in Mexico gave us the details in a full report of how he (Oswald) acted when he came to Mexico to their embassy (uncertain whether he means Cuban or Russian Embassy)." Castro further related, "First of all, nobody ever goes that way for a visa. Second, it costs money to go that distance. He (Oswald) stormed into the embassy, demanded the visa, and when it was refused to him, headed out saying, 'I'm going to kill Kennedy for this.'" Castro is alleged to have continued and asked, "What is your government doing to catch the other assassins?" and speculated, "It took about three people."

The source then advised that Castro's speculation was based on tests which Castro and his men allegedly made under similar conditions with a similar rifle and telescopic

sight. Castro is said to have expressed the conclusion that Oswald could not have fired three times in succession and hit the target with the telescopic sight in the available time, that he would have needed two other men in order for the three shots to have been fired in the time interval. The source commented that on the basis of Castro's remarks, it was clear that his beliefs were based on theory as a result of Cuban experiments and not on any firsthand information in Castro's possession. In this connection, it should be noted that the FBI Laboratory firearms experts made tests and determined that three shots could be fired with the kind of rifle and sight used by Oswald in the five to six seconds which were available. The Laboratory noted, however, that the timing did not begin until after the firing of the first shot.

It will be noted that the information furnished by our source at this time as having come from Castro is consistent with and substantially the same as that which appears in Castro's speech of November 27, 1963, and which is referred to above.

This additional material is set forth for the Commission's information and no further action is contemplated by this Bureau concerning it.

Sincerely yours,

J. Edgar Hoover
