Dear Mr. Fensterwald,

Many thanks for the Miami transcript, which arrived this a.m.
1 am very interested in anythig at all related to this and the people
imvolved, if there is anything else you have. I'm writing on it right
now, so if you do have anything else that you can let me have, please, do
let me know.

Did you get the tape itself?

If you are doing any work in the Archives, I think it would be better if
I put you in touch with the group that is doing most and best. Paul Hoch
sort of clearinghouses

I have given you his address. He was glad to get your list. May
I suggest that you do let Paul know the areas of your interest, if
you are delving into the Archives, to prevent waste of time, or perhaps
to integrate with the work of his excellent group. They have done and
are doing really magnificent, scholarly work. Also, there may be some
things they have that you do not. He can Xerox for you at much lower cost
than the Archives.

Between us we have many of the indexes and are getting all. If you
are interested in them, the saving can be considerable.

Again, many thanks. Do give me a call before you come up.

Sincerely,

Harold Weisberg

P.S. Is it Sgt or Lt Kaye. Gerstein told me Lt., you said Sgt.

Can you think of any special reason why he asked you to send me
this rather than sending it himself? I'm quite pleased, but also curious.
