Confidential Information developed by the Intelligence Unit of the Miami Police Department Miami, Pla. Tape transcribed by le P/woman in the Miami Police Department on Nov 26, 1963.

Q: Now, Mr. , you have some information that maybe helpful to us in an investigation we are conducting, so will you please go shead

in your own words, in your own manner, and let us have this infor-mation, to the best of your ability to the best that you can remember. Yos, I believe that I do. I left here on Saturday morning at 9:00 o'clock; I met a man in Jacksonville, Pla at the Union Station at approximately 4:15. His name was Milteer. He was from Valdosta Georgia, and he is very much involved in what is known as an underground.

During the journey to South Carolina, he told me, he was connected with an International Underground. He expressed along the way that there would be a propoganda campaign put on now to prove to the # Christian people of the world, that the Jews, the Zionist Jews had murdered Kennedy. - He said there would be pamphlets distributed throughout the world stating that The Jews killed Christ 2,000 years ago, and on the 22nd of November, they killed President Kennedy.

I and Milteer arrived in Columbia, S. C. at approximately 12:00 o'clock A.M. on Sunday morning. We registered at the Wade Hampton Hotel Room 1127. Approximately 9:00 o'clock, Mr. Milteer got up, told me that he was going to get some coffee, and asked me if I wanted him to bring me some. I told him yes. He got back to the room approximately twenty minutes to ten, he brought some coffee, and he had some change, probably a dollar and a half worth of quarters and dimes. And he said to me when he came back in, he said to me, Oswald hasn't said anything, and he will not say anything. So, I said, "Why do you think that?" He said, "Well, he will just not say anything, and nobody has any worry", and of course we waited there until about 10:20, and four gentlemen came to visit with us.

One of them's name was Belton Mims of the Association of S. C. Klu Klux Klan; A. D. Boling, The Grand Dragon of the Association of the 8. C. Klan; Jack D. Hendricks, Box 616 Denmark; S. C., and Official of the Association of the S. C. Klu Klux Klan; Will Ulmer, Routo RFD Box 314-B Orangeburg, S. C. They entered the room and sit down, and greated everybody as being glid to meet us there, and we went into a few discussi s, Mr. Milteer did at least to them that, uh, the worries were over to a certain extent, but was not finished. That the underground had no worry as to being exposed, because this group that this Oswald belong to which was Pro-Castro had been promptly infiltrated, and of course, money had been put into right hands, furnishe to the right people to do the job without throwing anything on the patriots. And at this point, Mims spoke up and said, "Well, it wouldn't had been so bad, if it had been Martin Luther King", and Milteer spoke up and said, that Martin Luther King was not important, that he vas just one of Kennedy(s race agitators, and there always was plenty of time to get Martin Luther King. But the thing that had to be done now was to get a pamphlet out, throughout the world laying the murder of Kennedy at the foot of the Jews.

He taken a piece of paper out of a drawer in the room, and he wrote out what he thought should be on the pamphlet. He written it on paper belonging to the Wade Hampton Hotel.

Q:

4.2 9

Who did this writing? Mr. Milteer. And he put the heading on it Christians Everywhere, Notice to Christians Everywhere; I didn't read it, but I heard him read it. And it said there Two Thousand Years are the Zionist Jawa **غ**د killed Christ, and that they had killed President Kennedy . And it went on to state that we the Christian people must push the Jews from the continental United States. And it isn't on to state that unless they did get out, that we would kill them, or something to this effect. I couldn't get it all, but he read it to the group there, and told them, he didn't ask them, but in a voice more or less, he ordered them to do it; to have this pamphlet printed and distributed to all the people they knew as soon as they received an official copy of it. That come to an end as so far as that would be done, and they promised him that they would. 100-10461-885

Then a suggestion was made that we leave there, and go get something to eat. We left the hotel, went over to West Columbia to the Anchor Restaurant, but the Anchor Restaurant was full of people, Church people, I assume, and we weft there and went out on highway 321 about ten miles south of Columbia to a place called Piggy Park Drive-Inn, we set to a table which is on the outside of the Drive-Inn, and we all had dinner.During the time of this meeting, and while we were waiting for our food, and during the time we eat it, uh, Milteor was continuously telling these men that the <u>Constitutional Party of America</u> would be used as part of the <u>International Underground</u>, and also as a political party, but the main purpose of it would be to organize in every state, and raise as much money as we could in everyway to furnish the hard core underground some money to eliminate the Jews, who were responsible for Kennedy's murder. That we had to convince the people of the world that the Jews engineered the killing, and in that way there would be no "heat" on the patriots. And he said that we had no worry, and to forget about being involved, it was a mastermind job, and that the Jews would never be able to lay it on the patriots. That the further it went, the more it would come at the feet of the Jews, and he told them that he was going back home, and he was going to start travelling again all over Was going back nome, and he was going to start travelling again all over the country; he was going to Texas, Louisiana, uh, Maryland, Virginia, Arkansas, and different places, and that he would make contact, and that he would get the pamphlets put out, and he wanted them to put them out everywhere, and that we would have a meeting after the holidays. An Official Secret Meeting after the holidays. He would notify them where to Dilicial Secret Reeting after the holidays. He would notify them where to meet and what time to meet. He suggested at one point, that they would meet on Dec 8th in Columbia, S. C., and the Grand Dagon said they couldn't have it then, because we are going to have out state meeting on Sunday December 8th in Columbia, S. C. He said, "We have got the National Meeting on the First of December" which he didn't say where it would be, but it would not be in Columbia. He said they had got orders from Georgia to meet with the National Klu Klux Klan on the First, and of course, he didn't say exactly where that would be. It was agreed, before we left. didn't say exactly where that would be. It was agreed, before we left, that Milteer would set the date, and he place where everybody would meet, and that they could invite people that were highly trusted, but that we were not under no circumstances to give the impression to our people that we had infiltrated this Oswald Pro-Castro organization and had the job done, let it go just like it is, and we would work right on down the line, and our objective now was to get rid of the Jews and probably Marint Luther King, but he said, "Martin Luther King is not important Kennedy is dead, and he is no more important", "But the Jews will set-up another group, and they will continue on with their race agitators to try to destroy the Christians, and we have an opport nity now to stop them, and we must do it".

So, we separated, after eating, we came back to the Wade Hampton Hotel, Mims and the Grand Dragon brought Milteer and myself there, and we checked out at approximately 3:00 o'clock, and headed back to Georgia and Fla.

I left him at the bus station at 10:00 o'clock at night, I caught the bus out of Jacksonville at 10:30, and from leaving and parting from him, ' told me just to keep quiet, say nothing to nobody, let him do the talking, let him do the maneuvering, and that he would keep me informed and abreast as to the policies and activities here on out. But he did give me the impression very much that he did know about this in the beginning, and he said to me when I met him on Saturday, before we parted for Columbia, the best state of the said, "Well, what do you think about it, now?" "Did they kill him through the window?" I said, "They sure did", he said, "I must have been right", I said, "I don't know whether you were guessing or not, but you certainly did hit it on the head", he said, "Well, that is the way it was suppose to be done, and that is the way it was done," so he says, "As far as that is concerned now we can forget about it, Kennedy is dead, he is no more a proposition so far as we are concerned, st. we have other things to do now down different avenues" so he said, "Lot we do the talking when we get to Columbia, don't you out in too much, in . 27 507 to say, but let me do the talking to the people, because you don't really; know what it is all about, except what I have told you, so let me tell them in my own words just what has happened", an anita de sindades

. .

I am satisfied that this man beyond doubt knew that this was going to happen, and from the impression that I got from him this conspiracy originated in New Orleans, probably some in Miami, and different parts of the country, probably in California. And I am pretty sure California had a lot to do with it, because he mentioned Dr. Swift very often, in his conversations, what a great man he was and that he had already predicted that Kennedy would be killed, before he got out of office. So, that is about the stopy as to the important information that I got from him.

- Q: Mr. , did you make mention of the fact, that this Mr. Milteer had explained to you, or had made a remark to you about Mismi, something about Miami?
- Well, he said, he made a remark to me on the way, he said that Kennedy could have been killed in Miami, but somebody called the P.B.I. and give the thing away, and of course, he was well guarded and everything went "pluey", and everybody kept quiet, and waited for Texas.
- Q: Do you think he was trying to put across to you that this Oswald might have been hore in Miami at the time? Å:
- Well, I asked him that, but he wouldn't answer me.

E

- I don't know how the records are, whether the man was working there (BREAKS IN) - I don't know either, but I asked him, I said "Do you think Oswald was here in Miami to assasinate the President?" and he just cut if off, he wouldn't answer me.
- He never answered you at all? Q:
- Never answered me at all. At.

- Q: Do you think that he knows this Oswald personally, or knows anything about him?
- **Å** : Well, I believe that he does, I believe that if he doesn't know Oswald person, he knows the people in Miami or New Orleans that was doing business with the group which he belonged to. And that is where the infiltration was made into it, into this man's group, it was either Miami or New Orleans.
- Q: These are two separate groups are they not? They are separate. widely in their beliefs so to speak. How do you think they would be coming together?
- From the impression he give me, and what he told me, was that Ogwald group was Pro-Castro, and that they were infiltrated, and their leaders, some body close to them was given money to infiltrate their group, and pay them to kill Kennedy, and that would throw, if anybody did get caught, that would throw the entire case into the laps of the Communist.
- Q: In other words you say that this Constitutional Party, that has not

- Q: Did he make mention of any persons 160 his Oswald may have contacted, or may have known?
- No, he didn't mention Oscald ' what with An+ 64 640 **A**: a ody. The only thing that he was down on was that this group had been infiltrated by the Patriot underground and arranged from there to have the execution carried out, and drop the responsibility right into the laps of the Communists, their association, or Castro.

Now, Hims and the Grand Dragon didn't talk much about the assasination of Kennedy, they did indicate that they were surprised that he had been assasinated. Of course old man <u>Boling</u> said, "That in the future it may bear out for the best, but it was going to hurt us very much, because we had give the impression to all the countries that we had turned out like the communist gountries instead of electing our people that we killed for He said, "That he didn't think that it was going to do the nation" for Mr. Boling when he said this, because he said, "That is the impression that Kennedy appointed all the Jews he could get, and he said that is was nothing in God's ellighty world but a conspiracy", he said. "A lot

that Aennedy appointed all the Jews he could get, and he said that it was nothing in God's almighty world but a conspiracy", he said, "A lot of Catholics are just as much against Kennedy as anybody else" and he said, "There was probably a lot of Catholic money that helped to get him killed", that a lot of Catholics were against him for appointing all the Jews up there to office. A lot of Patriots had been too slow in realising these things. He said it was hard, and it had been hard to convince them that this was the chanel to take.

Q: Was there any indication that you had with these 4-5 men that this assass in had belonged, or had participated, or contributed to any of their parties? Was there any conversation to that effect?
A' Well, there was no conversation or remarks made by these people that they had contributed in anyvay to the assassination. Now, I don't know what connections <u>Milteer</u> had up in that country, but he did say he had a man in Conway, S. C. which was a good Patriot in the underground and had contri.ted. Well, this was a very much surprise to the Grand Dragon and Mims, and they immediately asked him whe fits man was, and he said, "Well, I don't know, I forgot his name", and have a lot of people up there in our organisation, very good people? So, <u>Milteer</u> said, "Well, I got some good people there, too" he said, "I got some good people there, too" he said, "I got some good people there, the ames of our people", and <u>Mims</u> asked him if he would write him and give him the name and he said, "Yes, I will do that, because he is going to be one of the electorate, who is going to be one of the delegates to the convention to this party, if we get it going in time". So, <u>Mims</u> told him that he would help him get petitions, uh, to put this on the slate in B. C., this <u>Constitutions' Party</u>.

Q: In other words, the K.K.K. is moving into this <u>Constitutional Party</u> A: Yesh, they are moving in full blooded. They are going to have a meeting on the First of Pecember; that is a Mational meeting.

QI That is the K.K.K.?
AI That is the K.K.K. The chairman of this is <u>Gene Veneable</u> and attorney, from Atlanta. He has notified everybody to stand-by for the place where it is going to be held. That came in Saturday stands in Golumbia, this was told to me by <u>Mins</u> at the particular time, they don't know exactly where they are going to be well. This week they will be notified definetly where the meets
QI Do you have any idea of your own thought, what is your thought, de you think maybe <u>Milteer</u> could have been in Dallas, Texas in the last two weeks?

A: Yes, he could have been there, I am satisfied that he could have been most anywhere he wanted; he has two cars ready to move at abyti-Q: You have seen no evidence that he was there? A: No. He didn't say that he was, the only thing he waid that he had been

in Texas.

The second The . impression I get from him, I think the thing was set up to kill Mr. Kennedy in the South, in some southern state. There was no particular town picked out, it was just the opportunity of the town that would suit best when the proper time comes. I think that when this man Mr. Kennedy left Miami, it was published in the papers, where he would go, and I think that they just set this man up in Texas and had him kill him right there. Because Milteer is too much enthused over it, he discussed it too much before hand and after not to know something about it.
- Q: How about Governor Connlly, did they mention him? A: No, they didn't mention his name at all, they didn't mention his name, they only mention, of course he got hurt, but they didn't mention that he should have been killed or anything. No not a thing. I don't think that they really intended to kill Conolly. He didn't indicate that anybody had anything against him or wanted to kill him at all.
- Q: Milteer familar with Dallas?
- Oh, yeah. He is familar with Dallas according to his own state-ments. I was never there with him, but he has been down there quite a bit. And this man Milteer has traveled all over the country, and he travels all over the country, and he has been very active in putting out anti-Jewish and anti-Kennedy literature, and he carries it in his car all the time. Now in Columbia he had some **Å**1 pamphlets which read, <u>Robel Underground</u>, and it had a Confederate Flag on it, and I asked him, "Who put this out?" and he said, "Sheldon put it out", but I didn't get a copy of it, Lo didn't give me a copy. But I am satisfied that a copy of this could be obtained through Alabama somewhere, where it was put out, I didn't even get a change to read this. He give those people over there some of it, but he didn't have none for me.
- Q: But he didn't mention any other party that this man might have belonged to, this Oswald?
- No, he didnIt, but he did say that Oswald was not connected with Moscow, or any big communist leaders; that this was a small group within itself that probably originated out of Miami. **A**1
- Q: Even though Oswald spent 3 years supposedly or alledgely in Russia, he still believes that this is not a plot

(BREAKS IN) - from Russia, no. He said that it was not, but that we had to now impress on the people of the United States that this was a Communist Zionist Jew Conspiracy to kill the President, but he said we know it isn't, but that is what we have got to get inte the hands of the people now, that this man was murdered by the Jewish Zionist Communist, of course the pamphlet is coming to be scattered all over the United Scates.

I think we should keep a close c a on the people who are going to distribute this pamphlet. When this pamphlet comes out, to get a hold of it, now he promised to mail me a company her pamphlet. that he was going to have written and mintricated encoughour our United States.

Now he is getting in contact with all the Patriot leaders to distribute this pamphlet. Now, the way that he said this to the Officials Association of the S. C. Klan, he didn't request, that is what impressed me, he didn't request that they do this, he more or less ordered that they do this. In other words, he seemed like the boss? That is right. He told them, he said, "The International Underground" that is the first time T are bound to the international Underground" Q: Å:

that is the first time I aver heard that word. The International Underground. That the pamphlets had to be got out, and that people had to help pay for them to get them out throughout the world. That was the first time I ever heard of any talk of any I ternational Underground, which is dedicated to destroy the Jews, to got them out of office, and to get them out of the United States, to the their hands in other countries.

Now, if we closely observe their activities with this pamphlet and others, it may bring us closer to the fact that Milteer is directly connected. At this point, we can prove nothing. But if we cover this man the way he should be covered, and the charges he is going to make against the Jews, the propoganda campaign that he is going to start, it seems to me we can lead back and sconer or lattr identify some people close to him and in this conspiracy who killed this man.

- Q: But there was no one in your travels who seem to you that we mary close to him?
- No, he claims to be very close to Governor Wallace, very close, and of course he told those people down there, the S. C. Khar, that Governor Wallace would agree to run on this Constitutional Perty. What we had to do was to get out, get petitions, get independent delegates to the National Convention, or to get his name on different states. The campaign will be started now to get independent electores in each state on this nerty. **Å**1 electores in each state on this party.

When will he contact yous again?

when will be contact your again? Well, he told me I would hear from him, and when this pamphot which he had made up and he may alter it some since <u>Rubennetin</u> has been identified as killing th's man, <u>Oswald</u>, he told not that he may alter it a little bit. But I would be getting a copy of it soon, that he has sont it out to be printed by all these different Å1 organizations in the United States and distributed.

O: Other than Martin Luther King has he ever made mentioned of plans to assasin anybody in the government, or otherwide? Well, naturally he seemed to think that Bobby Kennedy needed willing,

- **Å**1 but he doesn't think now that, that is important. Martin Light King neither. He claims now that the big Jews who are backing Aing neither. He claims now that the big Jews who are backing the United Nations and the conspiracy to overthrow the United States Government is the ones that should be taken care of now. He strictly stated that Bobby Kennedy and Martin Luther King are not important now. And he told Mins that there was no use at all to try to fight Bobby Kennedy or Martin Luther King, not to waste time on them, because they were out of existence. He said that they had no move never in Washington, and that the President of the had no more power in Washington, and that the President of the United States that was there now, would not take the same course, because he sees the handwriting on the wall. There, are a lot more because no sees the handwriting on the wall. There, are a lot more of them up there who see the handwriting on the wall, they know that if Kennedy can got killed, they can, too. He said, "I think you will see that Bobby Kennedy will resign, and that Johnson will put another Attorney General in, and he will make a lot of changes in his cabinet before election", and he will make a lot of changes in his cabinet before election", and he will make a lot of changes we have to be addy" will the case typeed with him on that, that way they were. _...÷__
- Well, alright, is there anything else? 0: A: I think I have give you the most important parts of it, and

just exactly what seems to be in the making. Now Mims told me, it was Just exactly what seems to be in the making: Now Mins told me, it was kind of hard to get away from Milteer but, when we got down to the hotel, he went down to his automobile which was parked in front of the hotel to get some literature to give to Mins, I think it was the <u>Cornon</u> <u>Sense</u>, it had 3 pictures on the front, and I didn't even look to see who they were. <u>Mins</u> and the Grand Dragon asked me, "Do you think there is a possible chance you can get back here, before we have to leave for the meeting on Saturday?" I said, "I don't know, I will do my best", he said, "There are a lot more things we would like to discuss with you", and "We would like to go into details about this man" and I said, "Well, you know as much about bim an I do, you have have fired by the store you know as much about him as I do, you have heard practically the story that he has been telling me, see".

Ŧ

- In other words, they don't know this Milteer too well? No, the impression I got, the only thing they know about him is through correspondence and conversations over telephones. ž
- Q! He was the one who set these meetings up in these particular places you went with him.
- **A**1 Yeah, he set them all up, yeah.
- Q: Some of these people were complete strangers other than correspondence? That is right. That is the impression I got, you never know all these things, where there is a conspiracy to kill people, especially the President of the United States, people are not going to talk too **A**1 much, they are not going to tell you too much. But I an satisfied that he had never met the Grand Dragon, nor Mims, but maybe he had with the exception of telephone conversation, or through his secret investigation, or whoever he has, but I am not sure that he knows them personal or not.

Qi. Did they seem in a hurry to get away from him?
A: Yeah, they didn't invite him to stay too long, after we finished over at the Pig's Park where we est. <u>Mims</u> said that he had to go somewhere, and that he had to be there by 6:00 o'clock, and he evidently was telling the truth, because he had some luggage in his car, I don't know whether he had been somewhere and come back with dar, I don't know whether no had been somewhere and come back when this, but anyhow he sold he had to be some place, and he had this luggage in his automobile. They didn't try to prolong him at all. There is something that <u>Mims</u> wants to talk to me about, but he couldn't with him there, and also the Grand Dragon, but I don't know just what it is, but I know that I am very close to <u>Mims</u> and the Grand Dragon, and they have a lot of confidence in me, this I know, because he brought it right into the room there, he brought it up, that Stoner was spreading it all over the country that I was an . F.B.I. informer.

Q: Who brought that up?

- Mins did. Stoner had sont this out to different papriotic organiaa-tions to watch me, because I was an F.B.I. informer, and that he **A**1 tions to watch me, because I was an F.B.1. informer, and that ne had caught me and Hockett down here, they had the letter, they had a copy right there. Mins said, "We know that this is not true," and the reason that this come out was at a meeting Stoner tried to get his delegate accepted into the National Klu Klux Klam Board, and made the stand against him, because this card said "Stoner's Klu Klan takes in Catholics and foreign born" and Stoner's delegate was overruled and put ont of the room. He said we thoroughly understand why Stoner put this out against He said, We know that _____is appoint on informer He said, We know that is no normally informer for the F.B.I. and the police than we are, borus he has been down here, and he has been to too many meetings, here't the much discussion, and we have never heard no reaction, so if 'e was an informer, he could have done us harm, and of course we know that is a lie".
- Q: What was Milteer's reaction?
- A: Milteer said, "Stoner probably put this out", and of course, he was kind of shocked when <u>Mims</u> let him read the letter that had been sent out to the patriotic organizations, telling them I was an

Page 12
F.B.I. informer; it was a copy of a letter sent to George Victor. It even stated in thore that he had talked to Keathloy, and told Keathley not to talk to me, that I was an informer.
Q: Had Milteor seen this letter before?
A: No, he had nover seen the letter, he said, "I thought that Stoner was too smart to write a letter of this type" and he said, "I thought Dr. Fields was too smart to allow Stoner to write a letter of this type" he said, "This hurts them very much, because too many people know ______, and I definetly know that ______ is no informer and the ruled his delegate out in Atlanta, and this was his avenue to hurt him to put this out, and he said, "I am very much surprised that he would be stupid enough to write a letter of this kind".

The rest of the tape is the informer's belief that it is important that he go back to Columbia to talk with <u>Mims</u> and the Grand Dragon. Complete reiteration of this transcript - no new information on the tape. (Not transcribed - approximately 2 mins)
