Dist. Atty. Arlen Specter, as a news conference yesterday, said that based on home movies the commission a single bullet struck President a single bullet struck President that a single bullet struck President a single bullet struck President the commission's work or struck Connally."

Specter said, however, he did anyone who wanted to review the commission's work or reopen the investigation, but some struck Connally is "tiust incorrect" in disputing the "single-bullet" the possibility three bullets att the man, but said, "in any event, the single shot assumption is well found dea."
