Greetings Harold:

It has been two weeks since I had the honor of visiting you and your wife. It was one of the most enjoyable and rewarding weekends that I have ever experienced. I thank you once again for allowing me to visit you. When I came back to Wisconsin, I had a local newspaper interview me. It seems that the word was out that I had visited you. You have created quite a stir here in little western Wisconsin. I'll send you the article when it's published.

I hope that a publishing company comes to you and prints your next book. I have sent several notes out to publishers this week telling them that they should contact you about your new book. I indicated that your work is an overview of the JFK assassination and would be a "hot" item for any publisher.

I must ask you a few questions. Is there anything I could do for you this summer? You said the professor from the University of Wisconsin-Stevens Point put one of your books on computer. Is there anything like that, that I can do for you? If you have a project that you would like to get done, I'd be glad to fly out this summer and work on it for you. It would be an honor to do any kind of work for you. Perhaps, I could earn some graduate credits from Stevens Point by doing some work for you. In any case, I'd like to visit Frederick this summer and do some positive work for you. Let me know what your thoughts are about this. I assure you, I will not get in your way, and I would be willing to do physical work for you if there is a need. Let me know if there is a week or two, in June or July, that I can do some work for you.

I am going to send you a little tape recorder as a gift. I will include several tapes and batteries. You can use it for any purpose you wish. However, I think you should leave your autobiographical story on tape. Your life is a hell of a lot more interesting and significant than some of the clap trap that is published.

I have enclosed a few lucky bucks for you and your wife to have a lunch or dinner on me. Please enjoy--you deserve it!

Well, take care my friend.

With Respect,

Mike Stanke

PS. If I am becoming a pest, please let me know. The last thing I want to do is cause you any problems.

Remember, I have two months off and it would be a great honor to do anywork for you. My price is reasonable - I'll do it for nothing. 😊
Just give me the word and I'll be your eyes, ears, legs, arms for a week or two.
