

Who's Behind Busing?

No policy of the Federal government is less popular than the forced racial busing of schoolchildren. Among White, Gentile Americans it is favored only by a few wealthy liberals with twisted, unrealistic ideas about enforcing "equality" on "the masses." These limousine liberals, of course,

send their own children to safe, private schools. Even those Blacks who have a sense of racial pride and want their own children to be taught by Black teachers in Black classrooms are opposed to busing. Yet the Federal government continues to ram busing down the throats of Americans.

Who is behind this tyrannical, divisive policy?

Who has decided that police-state tactics as brutal as any in the Soviet Union shall be used to force White parents to abandon the neighborhood schools they have built with their own taxes and send their children miles away into hostile, dangerous, minority-dominated blackboard jungles? Who has ordered that White

schoolgirls shall be herded into Black schools at bayonet point by armed troops? Who stands to gain from a policy of forced racial mixing of Black and White children which destroys the solidarity of both their communities and paves the way for a raceless, helpless, easily dominated mulatto America in the future?

Busing is dangerous and destructive, as well as un-American.

The argument used by the minority which supports busing is that the mixing of Black and White schoolchildren will raise the educational level and improve the life-style of Blacks. This has not been the case. Instead of Blacks being uplifted by the experience, Whites have been pulled down. Among Whites the incidence of juvenile delinquency, of venereal disease, of heroin addiction, and of pregnancies in young

schoolgirls has soared. White children bused to Black schools are shaken down for their lunch money, sexually abused, threatened, beaten, and terrorized. All too often they end up adopting the moral standards and habits of their Black classmates. Furthermore, nationwide tests have shown, year after year, that White students learn less in such a disruptive and hostile environment.

Isn't it about time that White Americans found out who is behind forced busing and dealt with them as they deserve?

Behind Busing: The Media Monopolies

The forced racial busing of American schoolchildren would not be possible without an effective means of stifling dissent and convincing the majority of White Americans that resistance to forced busing is both futile and a sure sign of "bigotry." This means is provided by the controlled news media.

Many observant Americans have noted the peculiar unanimity of the mass media. On the surface there is diversity — some newspapers endorse a Republican candidate, while others back a Democrat — but on the really basic issues there is almost total agreement. On racial integration, U.S. policy in the Mideast, and gun control, for example, the TV commentators and the newspaper editors seem to speak with one tongue. They seem to have agreed beforehand what position they will take, and no dissent is permitted.

The reason for this unanimity is the hidden monopoly control of the mass media. The enormous power of America's mass media to control public opinion, is secretly concentrated in the hands of a very small number of people — all members of the same tightly organized minority group with special, group interests differing from those of the American people.

Consider, for example, the TV-news broadcasting industry. This is probably the single most influential mass medium.

Virtually all national and international TV news in the U.S. is filmed, edited and broadcast by just three corporations: American Broadcasting Companies, Inc. (ABC), Columbia Broadcasting System, Inc. (CBS), and National Broadcasting Company (NBC).

The president and chief executive officer of ABC is Leonard Goldenson. The general manager of ABC News is Martin Rubenstein, and under Mr. Rubenstein, as executive producer of ABC's TV-news programs, is Avram Westin.

The top man at CBS is Chairman of the Board William S. Paley. The CBS News subsidiary is run by President Richard S. Salant.

The president and chief operating officer of NBC is Herbert S. Schlosser. Under Schlosser, as president of NBC News, is Richard Wald.

The major broadcasting corporations employ hundreds of persons in executive positions, but

the seven men named above are at the key control points. They are the ones who have the ultimate decision-making authority. They dictate what 210 million Americans shall learn of what has happened in the nation and in the world each day. All seven of them — Goldenson, Rubenstein, Westin, Paley, Salant, Schlosser, and Wald — are Jews.

After television, daily newspapers are the most influential mass medium in America. Sixty-two million of them are sold (and, presumably, read) each day.

Those 62,000,000 copies are divided between some 1,700 different publications. One might guess that the sheer number of different newspapers would in itself provide a guarantee against minority control of this important medium. Unfortunately, such is not the case.

Today, more than half the daily newspaper circulation in America is controlled directly, and the remainder indirectly, by Jews, a minority group which makes up only 2.9 per cent of the total population. This extraordinary and dangerous situation has resulted in the press in America becoming, for all practical purposes, an instrument of Jewish policy.

The use of the press by the Jewish minority to set the policies which affect the lives of all Americans could hardly be better illustrated than by the examples of the nation's two most prestigious and influential newspapers: the *New York Times* and the *Washington Post*.

The *New York Times* is the unofficial social, fashion, entertainment, political, and cultural guide of the nation. Its influence and ideas reach into every stratum of American life. It is sold in virtually every community in the United States.

The *New York Times* was founded in 1851 by two Gentiles, Henry J. Raymond and George Jones. In 1896, however, Adolph Ochs, a wealthy Jewish publisher, purchased the paper. The present Jewish owners of the newspaper, the Sulzberger family, are related to Ochs through the marriage of Ochs' daughter, Iphigene, to Arthur Hays Sulzberger in 1917. Their son, Arthur Ochs Sulzberger, is the paper's current president and publisher.

A close second to the *New York Times* in national influence is the *Washington Post*, which, by

establishing its "leaks" in most governmental agencies in Washington, has an inside track on news involving the Federal government.

The *Washington Post* was founded in 1877 by Stilson Hutchins and purchased from him in 1905 by John R. McLean. Later inherited by Edward B. McLean, the paper was forced into bankruptcy during the Great Depression and was sold at auction in June 1933 to Eugene Meyer, a Jewish financier, for a trifling \$825,000.

The *Washington Post* is presently run by Katharine Meyer Graham, Eugene Meyer's daughter, who is the principal stockholder and board chairman of the *Washington Post Co.*, and Larry H. Israel, who is the president and chief operating officer.

The *Washington Post Co.* also owns *Newsweek* magazine and a number of radio and television broadcasting stations.

And the situation is even worse — if that is possible — in the motion-picture industry and other media. Jews, with an uncanny instinct for power, insinuated themselves into every nook and cranny of the communications industries decades before the profound influence of the media on public opinion and the democratic political process was generally recognized.

Coordinating their business interests with their political interests, they have not only profited financially from their control of the media but they have used that control like a ring in America's nose to build a power base for themselves which few dare oppose. They can make Congressmen and Presidents and — as Watergate has so clearly shown — break them at their pleasure.

This Jewish control of the American mass media is the single most important fact of life, not just in America, but in the whole world today. And there is nothing — famine, inflation, fuel crisis, war — more dangerous to the future of our people.

Until this Jewish control of American public opinion is broken, continued misfortune, confusion, and decadence shall be our lot, and there can be no national liberation or regeneration.
