

Excuse this  
have no other  
paper at  
present.

Dear Harold W:

(1)

Well, I have your most  
welcome reply, so that  
pkg. I mailed <sup>airmail</sup> <sup>to out!</sup>  
this very 9-11- <sup>of - ck. -</sup> <sup>send back!</sup>

My landlady says she  
talked to my son over the  
phone this morning, and ??  
so I may have been badly  
influenced by the fact  
that my son had slept  
in a borrowed car in  
front here <sup>last</sup> ~~the~~ previous  
night (Fri. night). Even  
then tho' I was worried  
because I had heard what  
sounded like a shot inside  
a vacuum or closed  
containment. Because he  
had tried suicide <sup>privately</sup>  
(over)

a month ago by taking  
a bottle of "tranquilizers -  
etc. - had to have his  
stomach pumped at hosp.  
But, if I find his ok I  
am worried, because to  
me, I find someone was  
in the burnt burning in  
the auto and also "noted  
an empty match container  
on the street, 6 days later -  
(this a. m. will look for answer,  
then I believe you will  
see that the notes I sent  
after time of research  
contain valid data, pertinent,  
to the JFK case especially.

I am asking of  
you to supply me, also,  
by return mail the address  
of someone (beside Fensterwald

(2)

who can't take it on, he says) that you consider knowledgeable and qualified to analyze and just know what I am referring to in my material!

Right now, I have prgs. I do not want to go to waste, you see, so a suggestion from you I will more than appreciate,

Penn Jones is like you (were perhaps) but he too is restricted by age, etc.

Then too, how can anyone take the "caste" ones facts?

"Steward Harris, authors of Coverup" I don't particularly wish to deal with, as they are close to home and, brother, "home" is where the cancer's "at" (over)

Soil worth Texas, literally  
has hundreds of ~~bars~~  
bars, clubs listed in the dir.  
There is a labyrinth in  
which murder is practiced  
without fear except like  
the Davis case. I'm sorry  
I haven't been able to just  
continue with Fensterwald  
after started on the Davis  
case in particular.

I clamped info on a  
man, locally, to a jack  
white, ad-man who like  
~~Fensterwald~~ Fensterwald came  
out in the newspaper with  
data. (That's something I  
don't intend to ever do.)

So, thanks for your  
reply as is, however.

About your physical  
troubles, (I don't know  
your age) — please consider

~~well~~. Thanks for your consideration, Mr. Weisberg, ... and again, tell me who ~~it~~ can ~~handle~~ receive news articles, etc, from me - O.K.? I'll look for my son's photo, back, then. I'm still uncertain about this stringent situation, I tell you. I yet feel pitifully inclined to be aware of that it could have been him? If you're not able to check on the ~~mail~~ (analyzing) for me that's that. To me, a human was there. They were still going according to those same old ways, I thought. Looks like I'm left with myself. May just try to cull out the "data"

some yoga for remedy.  
In 1968 I had a serious  
fall - I busted a kidney,  
broke ribs, ~~has~~ suffered  
lacerated liver. But I had  
been taking yoga a few  
years - not the complicated  
most advanced versions  
"Rajah" you understand, <sup>or</sup>  
but simple - as from a book  
"Christian Yoga" by J. M.  
DeChant a former Cath. priest  
who was an invalid before  
he took up yoga. He advocated  
12 exercises and accentuated  
the breathing - especially  
alt. breathing exercises.  
I was in the VA Hosp. at  
Dallas ten days, and came  
~~out~~ out of the near-fatal  
conditions. (over pls.)

• <sup>or to Kitzpatrick etc.</sup> ~~that is least~~ <sup>most</sup> ~~offensive and~~ ~~send some to the~~ ~~for the senate~~ ~~considerations.~~ ~~However,~~ ~~much of what I have come~~ ~~across is immense~~ ~~compiling,~~ ~~pointing to havoc.~~ (4)

For instance - I discovered that the same names are being used showing up in big industry - David, or Martin, etc. or Victor, etc. The women: Shirley, or Donna, or Susay, or Margaret, or Ruth, Ruby etc. (for example). But, I have to keep secret. I app to me, a key is that at the end of WW II, after Ike had signed leaflets offering surrender to the Germans, the highly "competent", etc., ones, took over ~~to~~ commencing "Das Putsch"! (over)

when Bebel came to  
Washington, via "courtesy"  
of a top intelligence man,  
they started Americas (if  
there was such after WWI)  
becoming subject to USSR  
(Communist) and German-  
Stalo - etc. (fascist) conflicts  
with citizens, especially  
us victims, in the midst.

Some of this is so hot,  
that they who are in the "know"  
top persons are able to suppress.

Well, I'll look for your  
reply, then, and I soon will  
order some books from you  
as I did from Penn Jones. You  
and he are both out in the  
open, in the matter, I have  
never been, but I urge you  
or when your health permits -

(5)

to check some of the matters  
(of ID) see what you find.

Right now, I am going  
to cut out an item or  
two and enclose, here, like  
for instance, the photo of the  
"Cubans", etc. More and more,  
I had become convinced

that the JFK case, was of  
local (personalities) anyway.

So, Be good, then, until  
I hear from you again.

In a way, I wish British  
~~MIB~~ or someone had all my

ideas: however, as was in  
the news <sup>recently</sup>, Scotland yard was not  
simon pure anymore. "If ever was?"

Send me the name of where  
I can send some of this data  
to complement O.K. Bye then.

(OVER)

Charles Stone
