make memo on Robert's <sup>groden's</sup> call over  
about 5:30 p.m. 5/25 - clearly on  
Stone's behalf, arguing that Stone  
was doing an honest job, etc  
~~bad-mouthing Ludwig & the Post~~  
Stone lies in saying that I said  
there was no conspiracy in any  
guarison also got nothing in question  
my time in 1963  
• "men yank" Flume on the "how"  
he had more alopecia totalis  
Tell Stone takes a nut to read a  
nut & that in addition to what  
Lockner said the office must get  
conducted investigations I asked  
for - if you copies of services regarded  
as important and all such copies
