France Audiences dropping

The death of private TV network La Cinq has caused an overall loss of audience share for France's four other terrestrial channels. According to media monitoring group Mediametrie, the audience for primetime has dropped by 10% since the demise of La Cinq last April, representing a loss of 2.1 million viewers in the 8 p.m. 8:30 p.m. time slot. The study noted that viewing habits remain stable in the morning and alternoon.

Hachette's sale

In Hong Kong, the commission sought opinion on whether Radio Free Asia should broadcast to the colony after its reunification with China in 1997.

Headquarters for the new service have not been proposed as yet although Thailand and the Philippines are thought to be candidates — and no costs have been suggested, although Radio Free Europe, Radio Liberty and the Voice of America each have annual budgets of more than \$220 million.
