FEDERAL BUREAU OF INVESTIGATION

Date 12/10/63

Acting Supervisor MARTINEAU, Secret Service Division, Chicago, on December 9, 1963, advised SA WILLIAM L. HERRMANN as follows:

Investigation conducted by the Secret Service in Chicago reflects that there was only one arrest on November 2, 1963 regarding protection of President KENNEDY, who was expected to be in attendance at the Army-Air Force game to be held that same day. This arrest pertained to THOMAS VALLEE, previously mentioned.

MARTINEAU added that there might have been other arrests made that same date by Chicago Police Department officers on charges of "carrying a concealed weapon," but none of these would have related to protection of the President. He advised further that no individual by the name of OSWALD was arrested on such charge on November 2, 1963.
