Dear Mr. Takami,

Your enclosure from Who's Who in the JFK Assassination is correct with regard to General Walker. The police records reflect that the bullet<sup>†</sup> recovered from Walker's wall was .30.06 caliber and that is too large to fit in the rifle said ~~to~~<sup>to</sup> have been Oswald's.

On her part, Marina was heavily pressured~~ed~~ threatened with deportation by the FBI if she did not say what they wanted her to say. I have the FBI ~~records~~ records on this and her testimony to it is in Whitewash in the chapter on the Oswalds' Government Relations.

In short, with regard to the crime itself as distinguished from the covering up of the crime it has no relevance at all.

I think it would be helpful to you if you had my NEVER AGAIN! so you could have reason to understand that as soon as Oswald was dead the decision was made to pin it all on him. It was published by Carroll & Graf. If I did not tell you, if your bookstore can't get it you can get it from The Last Hurrah <sup>hop</sup> Bookstore, 849 West 3rd St., # 1, Williamsport, PA 17701.

I can't add much more on Walker because <sup>I</sup> paid no attention to it in my work other than when I could not avoid it. ~~It~~ makes no sense at all, the official story.

I suggest that the only informative and responsible way to study the assassination is with a firm background in the rational and reasonable part of the official evidence. It disproves the official account. ~~It~~ also give more of an understanding of what could <sup>have</sup> happened.

Most of the books deal with this kind of nonsense and most of them are by those who want to be regarded as great detectives and in that role just make up what they want believed. You can waste <sup>time</sup> ~~a~~ and a fortune on the trash. And wind up with nothing to show for that time and money and effort.

It may sound egotistical but if you do as <sup>I</sup> suggest ~~I~~ am certain you will come to realize that it is not. Study and make notes on the basic evidence from all my books, particularly Post Mortem (you are in Whitewash now) and NEVER AGAIN! thinking as though you were the defense lawyer. I think it will enhance your understanding and enable you to discard all the trash, trivia, conjecture and fiction.

I cannot promise to <sup>engage</sup> ~~engage~~ in correspondence because I'm 84 and feeble from successfully surviving a long, and I do mean long, series of illnesses that my doctors expected to end my life more than a year ago. And I really am not able to do the work I still want to do. Sincerely, Harold Weisberg

Dear Mr. Weisberg

Thank you for your quickly and kindly reply.  
and enclosed guide.

I'm now reading your "White wash" series.  
and I would like to read "Frame-up"  
someday.

As I wrote in former letter, I have strong  
interest in the assassination of JFK, RFK, and MLK.  
I visited Washington DC, and National Archives,  
last summer, and saw the Zapruder Film.  
And I want to study more, and more.

I have a favor to ask you.

I want to know the detail Maj Gen  
Walker shooting case on April 1963.

Needless to say, It was said that L.  
Oswald shoot him. I'm now researching  
about this, but few are available  
about this. You know something this  
case? If you so, Please teach  
me.

And I would like to correspond with you,  
and know and study many.

Finally, I wish your work make good.  
I appreciate it very much if you would  
kindly answer

Sincerely

K. Takami
