TUESDAY - OCTOBER 21 at 10:00

- 9 China, no doubt enormous but admission of
- 10 spin possibility. Not inevitable when
- 11 discussion of 2/12/64 on this was quoted.
- 12 US by SE Asia is "limited objective" by
- 13 "from elections in SVN"
- 14 Mistake here to try & liberate North
- 15 It is part of long-range but in mind of
- 16 China policy - however unclear
- 17 Wm Bundy 2/12 - how to contain China - by
- 18 US - he says not policy but seems then to say
- 19 it is, with US to "contain" them
- 20 "Victory" - hope we are winning by it but defines
- 21 it as a term to hope for immediate
- 22 end of some setbacks.

WEDNESDAY - OCTOBER 22

- 9 US obj. "has not changed since 1954"
- 10 "SVN is the strongest unit they have
- 11 have in the world today in terms of the
- 12 troops they have under arms" 2/12/64
- 13 SR has attacked by D. R. + China but we
- 14 reported from "Euler from US news,
- 15 not full of denial
- 16 "China aware" with China - known
- 17 "would we avoid exposing total hostile
- 18 power?" But seems not Chinese to only
- 19 slightly in VN, &
- 20 air force puts ceiling on size of force
- 21 the size can support
