PRESIDENTS POWER AND POLITICS

At the heart of our American democratic political system are the men who served as President. The stories of the Presidents tell of actors who played leading roles in the building of our nation and of public servants whose personalities and experiences reflect human striving and grand designs. As we approach the new millennium, Americans are challenged to consider how presidential legacies are shaped, and the changing face of the American presidency itself.

Join us at The Sixth Floor Museum as we present *Hail to the Chief: Presidents, Power and Politics*, an NEH-sponsored exhibition that examines the legacies of ten American Presidents, from Washington to LBJ. A companion exhibition, developed exclusively for The Sixth Floor Museum, explores the Museum's 10-year history and its role in documenting the ever-changing legacy of President John F. Kennedy.

*Hail to the Chief: Presidents, Power and Politics* is a program of Exhibit@USA, a National Division of the Mid-America Arts Alliance with the Texas Commission on the Arts. The companion exhibition is a project of The Sixth Floor Museum at Dealey Plaza. Both exhibits will be on display in the Museum Visitors Center from February 15 through May 31, 1999. For more information call (214) 747-6660 or visit our Web site at [www.jfk.org](http://www.jfk.org).

You are cordially invited to join us  
as we celebrate the
