

Elyse & Jim

April 6, 1998

Dear Harold:

Just a last mailing before our visit. I thought that you might be interested in the enclosed article from the most recent of Rose's publication. It shows how desperate they are for articles that they would print his stuff when the organization he was supposed to present it to wouldn't for whatever reason (you can bet it is not the reason he thinks it is) allow him to present. I can't imagine listening to this drone on and on at a convention.

It is looking like it is only going to be Tom and I on Friday, so any place to eat is ok - whatever you two choose. As early an eating time as is convenient for you is good for us. We were wanting to stop by Antietam on the way back just briefly.

I will try to give you a call before Friday and confirm times. We should be in the area before noon, maybe as early as 11:00, but when you want to eat is ok whenever that is.

It is 63* today, but the lows at night are down to freezing. I have soccer games to officiate and class on Thursday night at Ohio State, other than that it is spring break and I have the week off.

Looking forward to seeing you both. Take care.

Sincerely,

Dave
