RE: The Third Decade JFK Assassination Conference

Dear David:

BASIC DATA: The Third Decade is a scholarly journal devoted to research in the JFK murder. This second annual research conference is being held in Providence, Rhode Island, from Thursday evening, June 17th through Sunday noon, June 20th, 1993 (places to be announced). "Local hosts" are Charles Drago and George Michael Evica. Papers (twenty minutes long) will be presented on research in progress and peer responses will be given.

Cost per participant: \$60-70 to cover expenses, including meeting facilities, breakfast and lunch, and an honorarium for a keynote speaker. Transportation and housing information will be sent to registered participants.

Conference Theme: Taking the Critical Offensive

We intend to initiate an in-depth self-examination within the JFK assassination community.

We do not intend to re-invent the conspiracy wheel. But since we don't know the whole truth, we won't stop our search for additional conspiracy evidence. Our focus, however, will be on three questions: How was JFK killed? Who killed him? and Why?

We hope to reveal the methods and goals of the conspirators.

We hope to reveal the identities of the conspirators.

And we call for a necessary and immediate dissemination of the truth we already know and an immediate movement toward justice in the JFK assassination.

To achieve these objectives we are inviting abstracts and papers from a group of Third Decade writers, from other JFK investigators, and from a group of researchers who, as far as we know, have not published directly on the JFK murder.

You are one of these writers/researchers.

We urge you to think about the topic suggested to you (below), prepare an abstract, submit it as soon as possible, and then write a research paper extending that abstract. We need your abstract. Even if you cannot attend the conference, please consider submitting an abstract and, afterward, a paper. Charles Drago and I will be reading a selection of papers by researchers unable to attend.

In a few instances we have not suggested a specific topic; we hope you will still respond in the spirit of our inquiry.

*Some of you have sent us only a "title" or topic. We need more than that, and we need it immediately, please. Take the topic you sent in and enlarge it to at least a page-long outline and send it to us immediately, then extend that abstract/outline into a 20-minute research paper. Please.

We would like you to respond to the following questions: 1. Has Harold Weisberg been a significant source of disinformation in the JFK investigation? 2. Why?

Please respond as soon as possible. Dear David: I hope we do not lose touch. I know the AARC meetings are non-productive, but we must not lose touch. I am looking forward to seeing you again.
