

5/2/68

Dear Jim,

April 18 I sent you a memo on Thornley. Inadvertently I forgot to include page 5. I believe I renumbered the pages to make the 6th the 5th. Here is the missing page.

I have photocopied everything I have to date received from Bostright and mailed it. If you have not yet read Thornley's letters I encourage you to.

I asked for a list of your Thornley files so I could see if there were any I had you didn't and so I could provide what you may not have. Because there has been no response and because I do not recall seeing these in your files, I lend you for copying the following:

CR87, SS, 12/2/63
CR75, FBI 11/25/63, pp. 275-6
CR75, 11/27/63, pp 331-3 (photo not provided)
Other Ind. and Org, Thornley, 4/28/64
" 5/8/64
CR75(probably) FBI 12/3/63, Shembroske
KP 5/15/64, Rankin
KP, Thornley, 5/27/64 Jenner memo, 1 p.
KP, " 5/27/64 Jenner memo, 2 pp.

The also-enclosed 4-part article by Thornley is for your files. Gary Schoener provided it and I copied these for you to keep.

It is a month since I asked the fellows on the west coast to get the back issues of Innovator. I will remind them.

As soon as I clear up the accumulation I will interview the other witnesses Moo and I located in March. I find, however, that ever one of his words I reads tells me more about him and delay in the interviews may make them more productive.

Sincerely,

Harold Weisberg
