RE: MRS. WILMA TICE

Reference is made to memorandum indicating Mrs. TICE claims she had been threatened not to appear before the WARREN Commission, and that apparently a prowler had been at her house in the early morning of 7/22/64, and she connected the two.

Reporter EWELL of the "Dallas Morning News" called and gave me the basic facts as reflected from the police blotter, which reflected that Detective TUTTLE of the Police Department had notified the FBI early this a.m., and he wanted to know what we were doing about it. I told him I was not at liberty at this time to make any statement, but he could call back, and I would check into it to see what was being done.

I telephonically advised Inspector JAMES R. MALLEY at 1:50 p.m., of the facts as well as pointing out to him where the interview with TICE could be found in SA CLEMENTS' report of 7/17/64. I told him we had interviewed her and very possibly this was all a figment of her imagination, but that we would send a teletype this date.

I got switched over to Inspector KEMPER and told him of the request from the newspaper and recommended that I answer the newspaper reporter by saying the Dallas police had brought this to our attention, but that any further questions would have to be answered with "No comment", as I could make no statement as to any pending investigation. He agreed.
