SAC DALLAS (44-1639)

DATE: 7/23/64

FROM :

SA A. RAYMOND SWITZER

SUBJECT:

JACK L. RUBY;  
LEE HARVEY OSWALD -  
VICTIM  
CR

At 3:30 p.m., on 7/22/64, Captain JOHN WILL FRITZ, Homicide and Robbery Bureau, Dallas Police Department, inquired as to the information this office had on WILMA TICE. FRITZ stated he understood this Bureau had interviewed Mrs. TICE in St. Louis and he wondered if at that time she advised how she established contact with EVA GRANT and EILEEN KAMINSKY. FRITZ was advised this information was not immediately available but that he would be recontacted.

Captain FRITZ was recontacted and informed that Mrs. TICE informed that on 1/23/64 she was involved in an automobile accident in Dallas and that she was bedridden until 4/21/64. During this time in bed, she felt that EVA GRANT, RUBY's sister in Dallas, must be undergoing emotional difficulties as a result of the OSWALD shooting. She stated she decided to telephone Mrs. GRANT and express her sympathy and as nearly as she could recall she believes she did telephone EVA GRANT's residence in mid-February, 1964, and spoke to EILEEN KAMINSKY, RUBY's sister. It was during this first call that Mrs. TICE told EILEEN she believed she saw JACK RUBY at the Parkland Hospital emergency entrance on 11/22/63.

FRITZ was also advised that Mrs. TICE said she almost regretted having made her call to EVA GRANT because each time EVA GRANT would call her it made her, Mrs. TICE, very nervous. Mrs. TICE explained that she normally did not have a nervous condition but as a result of her automobile accident she did.

FRITZ stated he was aware that Mrs. TICE was scheduled to testify before the President's Commission in Dallas on 7/24/64.

and that her testimony basically would be that she thought she saw RUBY at the emergency entrance of Parkland Hospital on 11/22/63, following the assassination of President KENNEDY.

FRITZ stated he needed the above information since he was trying to evaluate Mrs. TICE and the prowler complaint she had made to the Dallas Police Department in the early morning hours of 7/22/64.
