smile that is not what in the eyes.
 When he is not smiling his look is
 one of a kind tolerance & sympathy
 which at the back of comprehension
 by his guest in his, is through from
 intuiting not people there would be more.
 But when he looks his eyes from
 he has an icy hardness which despite
 the disarming effect of the bright-
 lighting of his smiling face, is
 the light. When he looks his
 eyes, the effect is one of burning
 there is no change in the rest of his
 person, of eyes.
