

Letters

Editor, The Leader-Vindicator:

I have had some letters and a call regarding my column on the JFK murder coverup. Inadvertently, the important information as to the full title of the Harold Weisberg book was not included with the column.

For those who want to purchase this book and learn more, here is the full title, price, and where to order:

WHITEWASH IV: TOP SECRET
JFK ASSASSINATION T R A N S -
CRIPT. By Harold Weisberg. Avail-
able for \$6.25 from Harold Weisberg,
Rt 8, Frederick MD 21701

In addition to the above title, Mr. Weisberg has several other very valuable books related to the political assassinations of the past decade.

Good Day Harold,

Here is the ^{Xerox of the} letter I asked the editor to run. I hope it gets some books sold. I really do.

Please don't write to tell me what is wrong with this letter.

After a lot of thought, I figure you are right that I am out of my league. On the other hand, despite my honest respect for your efforts to make facts known, I feel your judgements might get a bit warped. Keeping long hours at any age is not a great idea, and I sincerely hope you shorten ~~the~~ the candle a bit.

I kick myself for making all the humble and total dumb-dumb statements. No, I am not totally the dumb ass you make me out to be. I made ONE major mistake on accepting a theory, yet, had the (luck) (judgement) (mind) (luck) (thought) to keep it from getting in print. So, I have done a lot of letter ~~wrote~~ writing, speculating, ~~made~~ but, with the exception of my "hated" column on your book, none of it has been SENT OUT FOR PUBLICATION. Yes, I had an editor look at it. But, the final OK still was with me. I withdrew it.

All in all.....I don't know that I've done too much to disturb your quiet efforts.

do not
And, ~~blame~~ blame ~~people~~ "people like ~~me~~ me" for keeping the major media away from the story. Come on. In this area I think I do have a bit more insight than you give me credit for. Your ~~answer~~ answer might make you happy, but it doesn't cut the truth.

your ~~answer~~ answer is UGH!

I guess I am tired of the taste of crow, deserved or not. I have mixed feelings about alot of this. You do so much that is wonderful and shows much courage. Yet, I find your ~~critique~~ critique rude. You dismiss it as my being stupid. My friend, I think I am doing ~~g~~ my job well.

Make of that what you wish.

I'm sorry, but I will continue to talk you up as a serious, great person whose books ought to be read. I will continue to write about you. I will continue to look, ask, and question, Yes, I have learned. I am not going to get involved as a person. I will play this as a journalist.

Harold...as a legal researcher, you are the ^{"mystery"} TOP...#1...and I have heard that from many folks...including the "mystery" person who told me about the aircraft and break-ins. As an evaluator of me...you are semi-full of shit. Indeed, I suspect, you may be more than semi-full.

On the happy note...keep smiling. My concern right now is the weather and that the floods don't wash away my garden...or its cover. Hee Hee Hee.

Bush Leaguely yours,

~~Farmer McTruby~~
