

Dear David,

11/15/74

If I don't acknowledge your 11/8 it may get lost. Thanks.

If this is the guy who was on the Tomorrow Show a couple of weeks ago, these I consider nuts believed him crazy. I knew it was to be aired but I was in Memphis to work and work I did. Day and night.

If I hadn't seen so much crap in Fatler I might have been in touch with Moulder for a bid on the ancillary rights to WHITEWASH IV, pub date of which is a week from today.

No, not because it is the anniversary.

Keyed to Congressional effort to override Ford's veto of the amendments to the FOI law.

If Moulder has any interest in this and pays enough to make it worthwhile, I've had my experiences with FOI and the feds!

Esp. if it were in interview form. And not thereafter altered.

We made a good record in the Ray hearing. There is much work yet to be done, only one of the reasons I'm more pressed for time than usual.

The cassette reminds me of good intentions. I have a recorder some fuzz once intercepted and fixed so it could not be depended upon to record. I've gotta get either a lighter cord or fresh batteries for it so I can listen to tapes while I drive.

at my pace and age, it is an indulgence for which I can't take other time.

Thanks much.

By the way, the printer hasn't yet delivered the books!

Sincerely,

Harold

Dear Harold,

In August you asked for a copy of the tape from "Herb" when he guested on the Snyder show. I am enclosing a copy of the tape. Part of it is on side 2, as I was not sure I had enough tape left on side one to finish the show. Thus, I switched during a commercial. Thus, side one will end "short." The remainder is on side two.

I have been a bit quiet of late. I hope the enclosed clipping might explain part of the reason. As you know I was working with John Moulder. Cooper was also. Indeed, we were working together. I had spent some days away from the "ivory tower" as outsiders call it (excuse the personal nastiness-'t'ain't directed at you, I had a fight with an editor on another story this morning) and did some pretty scummy sections of New York and Miami in an effort to get some facts. Anyway, I heard about Joe's death the day after when Moulder called me. Moulder is a little shook.

I trust you will understand.

No, I have not yet given up. I just thought the coverup was working so well that the heavy hands had been put away. Wrong again, David.

Enjoy the tape. I found the whole thing most unusual. Also, mostly very confusing. I would be inetersted in your opinion. I am holding mine with great reservation. Anyway, it was an interesting "scam" as one of my street ~~fixers~~ friends would say.

Cordially,

JDT
