Dear Russ,

Keeping an ear on the news. Today's means more to me than most, for it deals with a character whose activities I think fits with the surveillances about which I am still trying to do something. That Hunt is something else!

When I'm not listening I'll copy and return herewith the enclosures I've not yet read.

Glad you can't come until later. I'll be away about all the week of the 6th. I expect to be home by the weekend. New York.

I am so broke I can't even think of calling Washington and don't expect where I can reverse charges. So, I can't call Ingersoll. If I get there I'll do it. But I think it might not be good for you for me to feel him out. Unless there is some compelling reason that suggests you not do it, you might write first. He'd have time.

There is a Paul at 3030 Wisconsin Ave, which isn't far from his office. Number there is 966-4358.

Do you expect to be looking for another job? Have the reasons for your quitting them changed?

We look forward to seeing you again.

Best,

Dear Harold,

I had expected to be able to get down to visit you next weekend (May 5) -- but as it turns out I'm going to have to go to Harrisburg that weekend to an Associated Press convention to accept an award for our radio station, so I won't be able to make it then -- but I'd expect that the weekend after that would be okay if it's all right with you.

I'm enclosing the articles about the fellow from Greensburg that mention he used to work for the CIA - I'd like to get them back from you when I'm down there.

If you should have occasion to talk to Paul Ingersoll before I'm there, would you ~~ask~~ ask him if he's listed in the phone book that I might call him on the Saturday that I'm in the area? I'd like to inquire of him how the atmosphere at Radio TV Reports New York is regarding me, so that I might make a call or visit there regarding references ~~x~~ when I'm looking for another job.

Russ
