Dear Russ,

What a coincidence! The very morning your note and the cassette came I'd tuned in your station for news and curious to see if they'd have a segment by you.

It came in clearly for a short while but then a Canadian station on the same frequency was stronger when it faded.

As you may remember, I have walking therapy early mornings. After 5-10 minutes I return to the car and have to rest. Usually I read but sometimes I listen to news, all-news station, KYW, WCBS, WBBM. This time I tried your station and briefly it was clear.

I've forgotten which Inside Edition show that was. Me briefly on the Ricky White fabrication that his father was a JFK assassination?

I'll listen to it the first night there is no Orioles game. Thanks.

Not long ago I declined to be on that show again, this time on the Ray case. Jimmy has a book coming out.

If without any problems you can get cassettes of shows there is one upcoming I'd like, on cable, which we do not have. A friend who dad for some reason can't tape the local channel that carries A & E, which will be carrying it.

A couple of years ago a Britisher, Nigel Turner, was here to do a JFK assassination show. I agreed to be on it only if there would be no theorized solution. He assured me he would not do anything like that. And then concluded with a wild one, claiming two Frenchmen were the assassins. With this addition it ran 1 1/2 hours.

He has sold it to A & E. five Friday nights, I presume expanded to 5 hours, beginning the 27th. He wrote those he spoke to here, a form letter, and he added to mine to take in the fifth. What he wrote is ambiguous. It can mean that I am that show. He probably taped enough for a show when he was here, I don't now remember.

Of course, each segment may be only 1/2 hour.

While it would be nice to have the entire thing for the historical record, I would like to have the one on me. But if you can't get it from A&E, don't bother. I do not really have to have it. Or is it presuming too much to presume they provide press copies?

We both hope you can get here, as you said, in the near future.

And that you then have more than a few minutes.

Our best, and thanks again,

Harold

Dear Harold,

Over a year ago I promised you that I would get you a copy of this segment from Inside Report. My motto continues to be "better late than never."

Many things are new since last we met, but if I get started telling you about them I'll never get this tape in the mail. Hope to see you sometime in the not too distant future. Best regards to Lil.
